Overview

As of July 1, 2014 all Dealer, Rebuilder or Lessor’s Report of Sale or Lease data must be transmitted electronically to the Nevada Department of Motor Vehicles. This is referenced as an Electronic Dealers Report of Sale (EDRS).

When a Dealer, Rebuilder or Lessor’s Report of Sale (DRS) is required, dealers will utilize the EDRS Program, a web-based system developed by the Nevada Department of Motor Vehicles Information Technology Division (MVIT), using the Motor Vehicle Industry Portal (MVIP). The DMV will hold the data in a temporary table for 60 calendar days from the date of sale. The dealer will not be able to query or access the DMV databases; however, limited changes to the vehicle and owner information will be possible during the 60 days.

Through EDRS, customers who possess a Nevada Driver License, Nevada Identification Card, Driver Authorization Card or businesses with a Federal Employer Identification Number (FEIN) may have the option to register their vehicle via the DMV Online Registration. Customers using the web may choose to receive new license plates or transfer their current, valid license plates to their new vehicle and use applicable credits.

Significant Changes Made Last Revision

September 2015
Added information regarding Electronic Lien Titles (ELT) to the manual.

January 2016
Added information regarding address validation to the manual.
Added information relating to a programming change, that adds the dealership address on the EDRS.

January 2017
Updated EDRS procedures.
Added example of a completed EDRS.
Updated EDRS submission timeframe.

General DRS/EDRS Information

When a DRS/EDRS is required
A Dealer, Rebuilder or Lessor’s Report of Sale or Lease (DRS) is the primary document used to register a vehicle sold or leased to a Nevada resident by or through a licensed Nevada dealer.

A DRS must also be issued when another dealer purchases a new or used vehicle for personal or business use that the dealership is not authorized to resell. In addition to issuing a DRS, the selling dealer must collect and remit sales tax.

When a DRS/EDRS is NOT Required
A Nevada dealer may not issue a DRS to:
• Themselves.
• Other dealerships – for wholesale vehicles for re-sale by that dealership.
• An out-of-state resident purchasing a vehicle in Nevada.
• An out-of-state dealership when handling a sale as a courtesy delivery.
• Buyers of off-road vehicles. Off-road vehicle sales are processed by the Off-Highway Vehicle section of the DMV.
• For a Recreational Park Trailer. (the Manufactured Housing Division registers Recreational Park Trailers.)

DRS/EDRS Form Requirements

A DRS/EDRS is issued the same date that all documents necessary to complete the sale or lease of a vehicle are executed. (Ref: NRS 482.423.7 or 482.424.7.) The date of transaction is defined as the date of sale or lease and cannot be changed.

For sales to individuals, the name of the purchaser that appears on the DRS/EDRS must be the full legal name as it appears on the purchaser’s driver’s license, driver authorization card, or state-issued identification card.

A dealer must furnish a copy of the DRS/EDRS to the buyer not less than ten (10) calendar days before the expiration of the temporary placard (NRS 482.423 and 482.424). The temporary placard is given to the buyer of a vehicle upon entering into a contract of sale for a vehicle. The temporary placard is valid for thirty (30) calendar days after the date the contract of sale was signed.

Submitting a DRS/EDRS

After selling the vehicle, the dealer must submit the required documents to the Department’s Carson City Title office to complete the transfer of ownership.

• If the vehicle is new, the documents must be submitted within 20 calendar days of the DRS transmission date.
• If the vehicle is used, the documents must be submitted within 30 calendar days of the DRS transmission date.
• If correcting the DRS, include a copy of the updated DRS with an original signature.
• Incomplete or incorrect information on the DRS will result in the return of documents and delays for all parties involved.
• Information on the DRS must match the information on the Manufacturer’s Certificate of Origin or the applicable Certificate of Title.
• Title fees must be submitted with the DRS.
DRS/EDRS Copy Distribution

- One signed copy must be attached to all original, required title documents and forwarded to the Title Section in Carson City. If an update was made to the EDRS, include a copy of the updated EDRS with an original signature.

  Department of Motor Vehicles
  Attn: Titles
  555 Wright Way
  Carson City, NV 89711

- One signed copy is given to the purchaser and is used to register the vehicle. The vehicle must be registered before the expiration date on the Dealer’s Placard. Late fees will be assessed if the vehicle is not registered within the thirty (30) calendar day period. If an update was made to the EDRS, include a copy of the updated EDRS with an original signature.

Customers must submit their insurance information at the time they are registering their vehicle. Nevada law requires registered owners to maintain liability insurance coverage on registered vehicles from an insurance company licensed with the Department of Insurance in the State of Nevada to avoid a minimum $250 fine.

- The dealer’s copy is the dealer’s record of sale and must be retained for seven (7) years from the date of transaction or three (3) years after the dealership has gone out of business. If a correction was made to the EDRS, include a copy of the updated EDRS with an original signature.

DRS/EDRS Extensions

If a dealer is unable to submit the Dealer’s Report of Sale and title documents to the Department within the statutory time frame, the dealer may request an extension of time. Extension requests must be submitted within the statutory time frame required for submission of a DRS:

- If the vehicle is new, the extension request must be submitted within 20 calendar days of the DRS transmission date.
- If the vehicle is used, the extension request must be submitted within 30 calendar days of the DRS transmission date.

A request for an extension must be submitted to an Occupational and Business Licensing office on a Report of Sale Extension Request (form OBL 275). The request must explain why the dealer is unable to submit the title documents within the statutory time frame. An authorized representative of the dealership must sign the form and a photocopy of the DRS must accompany the request.

An extension should be requested only when necessary and will be granted on an exception only basis. Dealers are required, by statute, to send title documentation to the Department within the required time frame and may be subject to an audit, administrative fine or administrative action against their business license for failure to comply.

A notice of approval or denial of the DRS extension will be mailed to the business. If the request is denied, the reason will be marked on the extension form.
**Date of Transaction:**  NRS 482.423, 482.424, 482.4235, 482.4245 defines the actual date of the sale or lease of a new or used vehicle as the day the DRS is executed. This date may not be changed, extended, or altered.

**DMV Assistance**

**DMV Web Connectivity Help**

If there is a problem accessing the DMV website, contact the DMV’s helpdesk via e-mail at DMV_help@dmv.nv.gov. The helpdesk is available Monday through Friday, 8:00 a.m. to 5:00 p.m. and on Saturday from 8:30 a.m. to 4:30 p.m.

- Before contacting the DMV’s helpdesk, please ensure your Internet access is working.
- To allow the MVIP EDRS PDF to display, you must enable pop-ups on your PC.
- Minimum PC requirements are:
  - Windows XP,
  - DSL 100 BPS,
  - Internet Explorer 6 or higher, and
  - Pentium 4 or above.
- Requirements for an optimal web connection are:
  - Internet Speed – DSL 100 BPS or better.
  - Internet Explorer 8 or higher

**EDRS using the Motor Vehicle Industry Portal (MVIP)**

Below you will find information on completion of the Electronic DRS using the Nevada DMV’s Motor Vehicle Industry Portal (MVIP).

Please note: If any information is missing or the format is not correct, the EDRS will be rejected and the purchaser will not be able to register his/her vehicle by method of “Online Registration”. If information is found to be missing at the time of registration, the purchaser will be asked to return to the dealership to have the EDRS corrected. Title work will also be returned to the dealership for correction. EDRS corrections must be completed online using the Motor Vehicle Industry Portal (MVIP) EDRS Update.

**Motor Vehicle Industry Portal**

The access code is the code from your renewal notice.

- Access codes are changed, each year, at the end of October.
- The Department emails the new code to the email address on file for the business.
After initial log in, while on the main page choose the “Electronic DRS” link on the left hand side, to initiate the EDRS program.

Electronic DRS Initial Screen
When you select the Electronic DRS option, the screen to add a DRS is displayed.

To search, update or print an existing DRS select the “Search (Update, Print)” link on the left hand side. Refer to appropriate section for EDRS Searching, Updating an EDRS and Printing an Existing DRS/EDRS for instructions.

Entering Vehicle Information
Entering the Vehicle Identification Number (VIN) initiates the EDRS process. Completion of DRS/EDRS is the dealer’s confirmation that a physical inspection of the vehicle identification number was completed. This information must match the vehicle as well as all corresponding documents. If the vehicle is a motor home, indicate the chassis frame number. NRS 482.215 and 482.235 require the vehicle identification number be used when registering a vehicle.

1. **VIN**– Enter the Vehicle Identification Number (VIN).
2. Select “ADD”.
3. The vehicle information screen is displayed.

4. DRS # - The DRS number is assigned when the EDRS is completed. This field is not editable.
5. DRS Date – The DRS date is the date the DRS is entered into the MVIP system. This field is not editable.
6. VIN – This field is pre-populated from the initial entry screen. This field is not editable.
   The VIN may be decoded and some of the fields listed below may be pre-populated. Please verify the decoded information is correct and correct any incorrect information.
7. Year – must be four numbers.
8. Make – Select the make from the dropdown.
10. Body Type – Select a body type from the dropdown.
11. Fuel – Select fuel type from the dropdown.
12. Cylinders/Rotors – Select an amount from the dropdown.

13. Axles – Select an amount from the dropdown.

14. Gross Weight – The gross weight is required for new motortruck, truck tractor, or bus vehicles. For other vehicle types or used vehicles, enter “0” or leave blank. The declared gross weight is used to determine the value of the vehicle when calculating the registration fee, basic governmental services tax, and applicable supplemental governmental services taxes charged in accordance with NRS 371.050.

15. Unladen Weight – Unladen weight is required for new motortruck, truck tractor, trailer, or bus vehicles. For other vehicle types or used vehicles, enter “0” or leave blank. Per NRS 482.483, the unladen weight of the vehicle is used to determine additional registration fees.

16. Length – The unit length is required for all travel trailers, fifth wheels and motor homes. For other vehicle types enter “0” or leave blank. NRS 484.739 outlines the restrictions on vehicle length.

Note: A Certificate of Title will not be issued without complete information for the travel trailer or motor home.

17. County Based In – Select a county from the dropdown. The county in which the vehicle is going to be located must be included on the DRS per NRS 482.245. According to NRS 371.045, counties are permitted to charge a supplemental governmental services tax. NAC 445B.593 and 445B.594 identify the requirement for emission testing if the vehicle is based in certain areas of Clark and Washoe counties.

18. MSRP – Manufacturer's Suggested Retail Price (MSRP). If the MSRP is pre-populated, **DO NOT CHANGE** the amount. Base MSRP is required for all vehicles. Per NRS 371.050, the MSRP will determine the value of the vehicle to calculate the basic governmental services tax and applicable supplemental governmental services taxes to be charged.

19. Full Sale Price – Enter the full sale price of the vehicle, including the sales tax. If the vehicle was donated, enter “0.00.” NRS 482.096, 372.025, and 372.065 define purchase price, gross receipts, and sale price, respectively.

20. Tax Collected – Based on the sale of the vehicle, select “YES” or “NO.” Please note that NRS 372.105 requires Nevada licensees to collect sales tax on all retail sales in Nevada.

21. Transaction Type – Based on the transaction type, select the appropriate type sale, lease, or lease buyout. NRS 482.423, 482.4235, 482.434, and 482.4345 govern vehicle sales and leases.

22. New or Used – Enter if the vehicle being sold is a new or used vehicle. NRS 482.076 defines a new vehicle; NRS 482.132 defines a used vehicle.

23. Rebuilt – Select whether the vehicle was rebuilt or not. NRS 482.245 requires disclosure when a vehicle has been rebuilt; NRS 482.098 defines a rebuilt vehicle.

24. Odometer Reading – Record the actual reading of the vehicle’s odometer apparatus; the number must be greater than “0.” NRS 482.245 requires odometer
25. Odometer Type – Select the type that best describes the odometer reading based on the following options.
   a. Actual Miles
   b. Exceeds mechanical limits
   c. Exempt weight – vehicles over 16,000 pounds
   d. Not actual – odometer discrepancy
   e. Vehicles over nine (9) years old default to Exempt.

26. Placard Number – Enter the control number of the Dealer Placard that was issued to the customer.
   • If the transaction is a lease buyout, the placard number is pre-populated with “LSEBUYOUT.”
   • If a placard was not issued, enter NO PLACARD.

NRS 482.423, 482.4235, 482.434, and 482.4345 provide the authority to issue a temporary placard. The placard number is required on the EDRS for auditing purposes.

27. Placard Expiration Date – The placard expiration date is calculated thirty (30) days past the Date of Transaction.

28. Date of Transaction – NRS 482.215 requires the actual date of the sale or lease be entered onto this form. This date may not be changed, extended, or altered.

29. Dealer Stock Number – This is an optional field for the dealer’s internal stock number.

30. Purchaser’s Email Address – This is an optional field for the email address of the purchaser.

31. Select
   a. “NEXT” to start entering owner/buyer information.
   b. “CANCEL” to return to the previous screen.
Entering Owner Information

Please enter owner information in the following order:

Vehicle purchase –
  Registered owner
  Registered owner (if applicable, enter all registered owners).
  Lienholder (if applicable)

Leased vehicle –
  Lessee
  Lessee (if applicable, enter all lessees).
  Lessor
  Lienholder (if applicable)

1. Owner Type
   Select the owner type by selecting the button next to the appropriate type, Individual, Business or ELT Lienholder.

  a. Individual Owner
     (1) ID Type – From the dropdown, select the type of document being used
        • ID card equals Nevada Identification Card.
        • NV DLN equals Nevada Driver’s License (including Nevada Driver’s Authorization Card (DAC)).
        • No NV DL equals the buyer does not have a Nevada driver's license or ID card.
- Customers who do not have a Nevada Driver’s License, Driver Authorization Card, or Nevada Identification Card will not be eligible to register their vehicle online.

(2) ID Number – Enter the number based on the document type selected or if No Nevada Driver’s License is selected, the field is not active. Per NRS 481.0515, the customer’s full legal name must be placed on the vehicle registration and title. The DMV will use these numbers to ensure the full legal name of the owner is placed on the registration and title.

(3) Owner Information – Record the registered owner’s full legal name exactly as it appears on the customer’s driver’s license, driver authorization card, or identification card. This name will be recorded on the vehicle registration certificate and Certificate of Title when created. The first person entered on the EDRS is the primary owner. The primary owner’s information will be used for mailing correspondence for registration renewals and in the future for registering the vehicle on the Internet.

a) First Name
b) Middle Name
c) Last Name
d) Suffix Code

(4) Owner Name Code – Select the name code from the dropdown. The name code will be one of the selections listed in the dropdown (Registered Owner, Lessee, Lessor, or Lienholder).

(5) Owner Combination – Select the owner combination from the dropdown. The owner combination designates how ownership is defined for registered owners. The most common combinations are “or” or “and.” By selecting “or,” either owner can release ownership. By selecting “and,” both owners must release ownership.

For the last registered owner, select None.
For a Lessee, select Lessee.
For a Lessor, select Lessor.
For a Lienholder, select None.

b. Business Owner

(1) Business Name – Record the owner’s full legal name exactly as it appears on the business license. This name will be recorded on the vehicle registration certificate and Certificate of Title when created. Customers purchasing a vehicle(s) for a business are not required to present their business license.

(2) FEIN – Enter the business’ Federal Employer Identification Number
(FEIN) or leave blank if the business does not have a FEIN. Customers who do not have a FEIN will not be eligible to register via the DMV Online Registration.

(3) Owner Name Code – Select the name code from the dropdown. The name code will be one of the selections listed in the dropdown (Registered Owner, Lessee, Lessor, or Lienholder).

(4) Owner Combination – Select the owner combination from the dropdown. The owner combination designates how ownership is defined for registered owners.

The most common combinations are “or” or “and.” By selecting “or,” either owner can release ownership. By selecting “and,” both owners must release ownership.

For the last registered owner, select None.
For a Lessee, select Lessee.
For a Lessor, select Lessor.
For a Lienholder, select None.

c. NV ELT – Electronic Lien Title Lienholder

Per Nevada Revised Statute (NRS) 482.4285, Except for persons who are not normally engaged in the business or practice of financing vehicles, all lienholders shall use the electronic lien system to process all notifications and releases of security interests through electronic batch file transfers

(1) Business Name – Record the ELT lienholder’s full legal name. This name will be recorded on the Certificate of Title when created.

(2) NV ELT Number – Enter the Nevada ELT Number.

Note: The ELT number must be assigned by the Nevada DMV and will consist of six (6) digits starting with two (2) letters followed by four (4) numbers.

(3) Owner Name Code – Defaulted to Lienholder

(4) Owner Combination – Defaulted to None.

2. Address

a. Physical address is the same as the mailing address.

(1) Select the button next to “Physical same as Mailing.”

(2) Enter the address number, street name, city, state, county, and zip code.

Note: A physical address for a registered owner or lessee cannot be a post office box.

b. Physical address is different from the mailing address.

(1) Mailing Address

a) Enter P.O. Box number or address number, street name, city,
state, county, and zip code.

(2) Physical Address
   a) Enter the address number, street name, city, state, county, and zip code.
      
      Note: A physical address for a registered owner or lessee cannot be a post office box.
   c. Copy address from previous owner
      (1) Select the box next to “Copy address from previous owner” and the address entered for the previous owner will populate the address fields.

3. To continue select,
   a. “SAVE” to save input data.
   b. “CANCEL” to return to the previous page.

4. Address Validation
   a. The application will validate the entered address and correct the address if applicable.

   b. Verify the address entered is correct.
      (1) Select save to accept the updated address.
      (2) Uncheck the checked box to accept the address that was entered (reject the updated address).

5. To continue select,
   a. “VEHICLE” to edit vehicle or sale information.
   b. “ADD” to add another owner to the EDRS.
c. “FINISH” submitting and printing the EDRS.
   (1)  A PDF version of the EDRS will be displayed.
   (2)  Select the printer icon to print the EDRS.
   (3)  The default is to print three (3) copies of the EDRS and can be changed.

d. “CANCEL” to return to the previous screen.

e. “EDIT” to change/correct information for that owner.

f. “DELETE” to delete selected owner record.

Completing the EDRS

1. An authorized representative must complete the EDRS printed copies.
   a. Print the authorized representative’s name.
   b. The authorized representative must sign all three copies.

2. EDRS copy distribution.
   a. One copy with an original signature is sent to the Department of Motor Vehicles with titling documents. If a correction was made to the EDRS, include a copy of the updated EDRS with an original signature.
   b. One copy with an original signature is given to the customer for registration purposes. If a correction was made to the EDRS, include a copy of the updated EDRS with an original signature.
   c. The dealer’s copy is the dealer’s record of sale and must be retained for seven (7) years from the date of transaction or three (3) years after the dealership has gone out of business. If a correction was made to the EDRS, include a copy of the updated EDRS with an original signature.
Completed EDRS

Sample EDRS, depending on the specific transaction the EDRS may vary.

Selling dealer information is located in the section...
EDRS Search

From the initial Electronic DRS screen, select the “Search (Update, Print)” link, located on the left hand side of the screen.

1. There are three types of searches available:
   a. VIN – Enter the VIN to search for the EDRS associated to that vehicle.
   b. DRS – Enter the DRS/EDRS number to search for that specific DRS/EDRS.
   c. Date Range – Select a starting date and ending date range to search for multiple results. The date search corresponds to the date the DRS/EDRS was entered into the application.

2. Select “Search” to initiate the search.
3. The search results are listed below the search criteria box.

4. From the search results, you can update the vehicle information, update the owner information and re-print the DRS/EDRS. Refer to the appropriate section for instructions.
Updating an EDRS

If an error is made on an EDRS, do not use correction fluid or correction tape to correct the information. Corrections must be made online using the DMV’s website below:

MVIP Website: https://dmvapp.nv.gov/DMV/OBL/MVIP/Pages/Access.aspx

An EDRS update is available to modify certain fields of an existing EDRS.

Fields that cannot be modified are:

- DRS #
- DRS Date
- Placard #
- Placard Expiration Date
- Date Of Transaction

All other fields can be modified using the update process.

EDRS Update Transaction

From the initial Electronic DRS screen, select the “Search (Update, Print)” link, located on the left hand side of the screen.

1. Enter the information in the field for the type of search:
   a. VIN – Enter the VIN to search for the EDRS associated to that vehicle.
   b. DRS – Enter the DRS/EDRS number to search for that specific DRS/EDRS.
   c. Date Range – Select a starting date and ending date range to search for multiple results. The date search corresponds to the date the DRS/EDRS was entered into the application.
2. Select “Search” to initiate the search.
3. The search results will are below the search criteria box.

   ![Search Criteria Box]

4. To update the vehicle or sale information select the “VEHICLE” button.

   ![Vehicle Information]

   a. Update information and select,
   
   (1) “OWNERS” to update owner information,
   
   (2) “SAVE” to save the corrected information and return to the search results screen,
   
   (3) “CANCEL” to cancel the changes and return to the search results screen.

5. To update the owner information select the “OWNER” button.
a. Select “EDIT” to edit the current owner information.
b. Select “DELETE” to delete the current owner.
c. Select “VEHICLE’ to update vehicle or sale information.
d. Select “ADD” to add an additional owner.
e. Select “FINISH” to save any changes and return to the search results screen.
f. Select “CANCEL” to cancel any changes and return to the search results screen.

6. To re-print the DRS/EDRS select the “PRINT” button.

Reprint an Existing DRS/EDRS

If any copy of the DRS is lost, DO NOT ISSUE A SECOND ELECTRONIC DRS.

1. From the initial Electronic DRS screen, select the “Search (Update, Print)” link, located on the left hand side of the screen.

2. Enter the information in the field for the type of search:
   a. VIN – Enter the VIN to search for the EDRS associated to that vehicle.
   b. DRS – Enter the DRS/EDRS number to search for that specific DRS/EDRS.
   c. Date Range – Select a starting date and ending date range to search for multiple results. The date search corresponds to the date the DRS/EDRS was entered into the application.
3. Select “Search” to initiate the search.
4. The search results will be listed below the search criteria box.
5. Select the row containing the EDRS to re-print and select “PRINT” to open the PDF to be printed.
