

INSTRUCTIONS FOR COMPLETING APPLICATIONS

The Licensing Application (Schedule A) and Vehicle Application (Schedule B) provide information regarding your Motor Carrier licensing needs. These forms were designed to provide one application to file for Registration, IFTA Fuel Licensing, Special Mobile Equipment identification and Intrastate Commerce Authority. Use additional pages if needed. You may copy these forms as needed or print them from our website. New accounts must complete both applications. Equipment changes such as: additions, deletions, or changes must be completed on the Vehicle Application – Schedule B.

GENERAL INFORMATION

Registration: these applications can be used for Nevada based IRP registrations and Nevada based intrastate registrations. For further details on IRP registration, please access the following link for the IRP website:

[The International Registration Plan \(IRP\)](#)

For Nevada based intrastate registrations please include the following documents as required:

- Proof of ownership (Dealer Report of Sale (DRS), copy of current registration, title, or the security agreement) in the name of the registrant.
- If proof of ownership is an out of state title, an original VIN inspection is required.
- If the vehicle is leased, a copy of the lease agreement is required.
- Evidence of Nevada insurance card for all motor vehicles. Must show policy #, beginning and ending date, have VIN or state Fleet Insured and the name on the card must match the registrant name.
- Proof of payment of federal heavy vehicle use tax (HVUT Form 2290) in the form of a copy of the IRS receipted Schedule 1 or a copy of the Schedule 1 with a photocopy of the front and back of the cancelled check for all motor vehicles with a combined gross weight of 55,000 lbs. or greater, regardless of the registered weight. The IRS allows a 60-day grace period from date of sale to obtain the 2290. A copy of the bill of sale will be accepted in lieu of the 2290. The 2290 will be required upon renewal of the registration.

IFTA Fuel Licensing: these applications can be used for Nevada based IFTA registrations. See the IFTA website linked below for further details on IFTA licensing:

[International Fuel Tax Agreement \(IFTA\)](#)

Motor vehicles with a declared gross weight in excess of 26,000 lbs. and leaving the state are required to have an IFTA License and report their activity on a quarterly basis to the Department.

Special Mobile Equipment (SME): this type of equipment is exempt from registration pursuant to Nevada Revised Statute 482.210.1(a). A business entity may apply for identification documents using the Licensing and Vehicle Applications. If the SME equipment is to be used in interstate operations, contact the state(s) in which travel will be conducted to obtain information on registration and/or fuel licensing requirements. The Department will issue IRP and IFTA credentials if required by the foreign jurisdiction.

Intrastate Commerce Authority: The Department is responsible for regulating the activities of common and contract carriers of property other than fully regulated carriers. Applicable statutes can be found in Chapter 706 of the Nevada Revised Statutes. Specific sections include: NRS 706.169, 706.186, 706.291, 706.437, 706.438, 706.439 and 706.4395. General insurance limits are \$750,000 for bodily injury to or the death of one person, \$750,000 for bodily injury to or death of all persons injured or killed in any one accident and \$750,000 (NAC 706.191) for the loss of or damage to the property of others, excluding cargo, in any one accident. Limits are greater for carriers authorized to transport hazardous substances, oil, Class A or Class B explosives, poisonous gas or radioactive materials and can be found listed under Nevada Administrative Code 706.288.

You do not need written authority if any of the following conditions apply:

- Your vehicles have Apportioned Plates.
- Your vehicles are used as tow cars (apply to Nevada Transportation Authority).
- You are a fully regulated carrier (apply to Transportation Services Authority). “Fully regulated carrier” means a common carrier or contract carrier of passengers or household goods who is required to obtain from the commission a certificate of public convenience and necessity, or a contract carrier’s permit and whose rates, routes and services are subject to regulation by the commission.

Nevada Transportation Authority (NTA) is located 3300 W. Sahara Ave, Suite 200, Las Vegas, NV 89102, PH (702) 486-3303, FAX (702) 486-2590, and website: <https://nta.nv.gov/>

To obtain written authority, please complete the Licensing Application and send the following documents as applicable:

- Accord/Certificate of Insurance
- Copies of Hazardous Materials Permit if applicable
- Vehicle ID numbers and Nevada License Plate numbers
- Terminal addresses

LICENSING APPLICATION INSTRUCTIONS: SCHEDULE A

The Licensing Application is separated into three sections. The first section (section A) requests the applicant detail the business information, type of licensing required, type of operation the business maintains, the type of application being submitted and payment option. Section B is specific to general information, while Section C requests additional information regarding the applicant’s business operation.
