FARMER/RANCHER GASOLINE/DIESEL FUEL TAX REFUND PERMIT APPLICATION

Any bona fide farmer or rancher requesting to claim a refund on fuel tax on the basis of 80% of bulk purchases without the necessity of maintaining records of use, must first secure a permit from the department. Bulk purchases means purchases in excess of 50 gallons of fuel which are not placed directly into the tanks of motor vehicles.

If there is a change in location of your operations, sale of property, new owner, new operator, change of partnership or officers of the corporation a new application must be filed with the Department of Motor Vehicles.
