

OFF-HIGHWAY VEHICLE INSPECTION CERTIFICATE
For Off-Highway Vehicle Identification Number Verification
NRS 490.082 & 490.105

- This application must be completed if the Off-Highway Vehicle (OHV) has never been registered or titled in Nevada, or if the owner is unsure if the OHV has ever been registered or titled in Nevada.
This application must be completed by a Nevada licensed OHV dealer or Law Enforcement Officer. The DMV does not perform off-highway vehicle identification number (VIN) inspections.
If the OHV does not have a vehicle identification number or the VIN has been removed or is illegible, indicate by checking the box that states, "A VIN was not found, has been removed or is illegible." Complete the remainder of the form and give the form to the customer. The customer must take the OHV and the completed form to a DMV inspection station. Even if no VIN is found, this form must be completed by an OHV dealer or member of law enforcement and given to the customer.
No other OHV transactions can be completed at DMV offices. All forms and fees must be mailed to the DMV at the address above or taken to a licensed Nevada OHV dealer.
Please visit the OHV Commission website at ohv.nv.gov for additional information.

To be completed by a Nevada licensed OHV dealer or any Law Enforcement Officer

Please Type or Print Using Blue or Black Ink
