Preface

The Nevada Department of Motor Vehicles has prepared this guide to assist the off-highway vehicle industry when conducting business with the Department. It was created as an informational and instructional reference, and attention to the detailed information and examples will ensure proper completion of forms required to register and/or title off-highway vehicles in the State of Nevada.

Familiarity by the off-highway vehicle industry with the occupational licensing information and compliance with the licensing requirements will ensure that the business records on file with the Department are accurate and that they reflect the correct status of a business license. An off-highway vehicle industry occupational license is considered a privileged license. The business principal is responsible for compliance with all requirements pertaining to the documents submitted to the Department.

If you have any suggestions that may help improved this guide, please provide them in writing to:

SECTION I – GENERAL INFORMATION
Guidelines

- Always type or print in black or dark blue ink.
- Owner’s full legal name and address information must be recorded on registration and title documents exactly as it reads on the owner’s driver’s license.
- Ensure the Vehicle Identification Number (VIN), year, make, registered owner and legal owner information are consistent on all documents.
- Signatures must always be handwritten, unless waived by the Department because the submittal is done by electronic means. A printed release will not be accepted unless accompanied by a notarized or witnessed statement (from the person in question) stating the signature is a legal signature.
- Do not use correction fluid or correction tape.
- Do not alter any information on the documents.
- A release should be the same as it appears on title documents, i.e., Elizabeth should sign as Elizabeth.
- All documents must be originals, unless certified to be true copies of the original documents.
- Off-highway vehicle transactions cannot be completed at Department of Motor Vehicles offices. All forms and fees (if any) must be taken to a licensed Nevada off-highway vehicle dealer or mailed to the Department of Motor Vehicles at:

  ATTN: OHV SECTION  
  555 Wright Way  
  Carson City, NV  89711

- The Off-Highway Vehicle Section of the Department of Motor Vehicles can be reached by phone at (775) 684-4381 or by fax at (775) 684-4369.
Vehicle Identification Number / Product Identification Number Information

For many years, some manufacturers of off-highway vehicles sold in the United States used a Vehicle Identification Number (VIN) to identify and describe off-highway vehicles in the same manner as vehicles manufactured for use on highways. In 2005, this practice was ended because it was decided a VIN should be reserved only for vehicles manufactured for use on highways. Many manufacturers have since implemented the use of a Product Identification Number (PIN) to identify and describe OHV’s. However, this practice is limited in its use and many manufacturers are not conforming to any set standard for vehicle identification.

For the purpose of this manual, the unique number assigned to an off-highway vehicle by the manufacturer or the Department shall be referred to as the Vehicle Identification Number (VIN).

Variations exist in the location of a VIN and in the systems used for a VIN; they may vary by year of manufacture and between manufacturers.

A VIN should always be verified by a physical inspection of the off-highway vehicle.

Importance of Accuracy

The Department of Motor Vehicles uses the VIN as the primary identifier for entry and retrieval of records. It is therefore critical that all documents are completed using the correct VIN.

TO AVOID ERRORS:

- Use the entire VIN at all times.
- Ensure the VIN is entered or recorded accurately. It is best to use block letters.
- If the VIN is handwritten, try to avoid the following most common errors:

Notaries Public

A licensed Nevada off-highway vehicle dealer's signature is not required to be acknowledged by a Notary Public on documents the dealer must file with the Department, except in regard to deposit in lieu of a bond. Nevada Revised Statutes (NRS) 490.430.

If a document must be notarized, the provisions of NRS 240.010 through 240.150 must be followed.

A Notary Public may not perform any act authorized by NRS 240.065 if he or she:

1. Executed or is named in the instrument acknowledged or sworn to;
2. Will receive directly from a transaction relating to the instrument any commission, fee, advantage, right, title or interest, property or other consideration in excess of the authorized fees; or
3. Is related to the person whose signature is to be acknowledged or sworn to as a spouse, sibling, or lineal ancestor or descendant.

Transmittals to the Department

(Only applicable to Nevada Licensed Off-Highway Vehicle Dealers)

Nevada licensed off-highway vehicle dealers must include two copies of the transmittal form when mailing title documents to the Department. Both copies of the transmittal form will be date stamped upon receipt; one form will be returned to the submitting business and the second retained by the Department for its records.

The transmittal form must be completed in full, and must identify the name and address of the business.

The transmittal form should also be used when resubmitting title documents that were returned by the Department for correction or because of the need for additional information. In cases where title documents are resubmitted, write “RESUBMITTAL” in red across the top of the transmittal form, and include any correspondence provided by the Department. Re-submittals will take priority in processing.

Please note the Department does not supply the transmittal form. However, the sample form details the information that must be provided when submitting title documents to the Department.

SECTION II - OWNERSHIP DOCUMENTS
AND FORMS
Manufacturer’s Certificate of Origin

Manufacturer’s Statement of Origin/Certificate of Origin (MSO/MCO) means a document similar to a certificate of title or certificate of ownership issued by a manufacturer that must be completed and executed by the seller of a new off-highway vehicle when the off-highway vehicle is sold or leased for a fixed period of more than 31 days for the first time.

The Manufacturer's Certificate of Origin (MCO or MSO) must be assigned by the manufacturer to the dealer, and properly reassigned by the dealer to the purchaser of the off-highway vehicle.

The MCO or MSO is a secure document, which means there are security features contained on it that prevent erasing, altering or unauthorized reproduction.

Security features may include:

- Intaglio printing – a printing process where an engraved plate meets the paper under extremely high pressure forcing the paper into the incisions below the surface of the plate.

- High-resolution printing – a printing process that achieves excellent art clarity and detail quality approaching that of the intaglio process.

- Security paper – paper containing a security watermark and/or a security thread. The paper may have been chemically treated to detect chemical alterations.

- Erasure-sensitive background inks – a process whereby the text is printed in a dark color ink over a fine line erasure-sensitive prismatic ink tint.

The MCO contains the following:

1. Date – The date the MCO was completed by the manufacturer.
2. Description of Off-Highway Vehicle – Must be completed by the manufacturer.
3. Dealer or Distributor – The name of the dealer or distributor the off-highway vehicle was initially delivered to.
4. Issuing Manufacturer’s Information – The name and address of the manufacturer and the original signature of the manufacturer’s authorized representative.

2. Odometer Reading: Not required for an OHV.
3. Name of Dealership: The name of the off-highway vehicle dealer.
4. Signature: The signature of the authorized off-highway vehicle dealer representative.

Note: A Manufacturer’s Certificate of Origin is invalid if it has been altered in any manner. The reassignments can only be completed between off-highway vehicle dealers. If the off-highway vehicle is sold to an individual, the ownership paperwork must be submitted to the Department of Motor Vehicles.
Nevada Certificate of Title

The Department previously issued Certificates of Title for off-road vehicles, however, on August 15, 2005, the Department ceased that practice. It was determined only vehicles meeting the definition outlined in NRS 482.135 would be titled through the Department of Motor Vehicles, as no statutory authority existed for the Department to issue titles for off-highway vehicles. With the passage of SB 394 during the 2009 legislative session, statutory authority was established that will allow the Department to issue Certificates of Title for off-highway vehicles.

There are currently several valid styles of Nevada Certificates of Title in circulation that were used for off-highway vehicles. Form RD-2 or VP-2 was used for titles issued prior to 2012 and form OHV-009 will be used for titles issued after July 1, 2012. For the purpose of this guide, RD-2 Revisions 1/06, 10/01, 10/96, and the original version of OHV-009 (11/11) will be addressed.

The registered owner or seller must sign the Certificate of Title exactly as the name appears on the face of the Certificate of Title:

- If there is more than one registered owner or seller, joined by “and,” the signature of each registered owner or seller is required.
- If there is more than one registered owner or seller, joined by “and/or” or “or,” only one of the owner or seller’s signature is required.
- If there is more than one registered owner or seller, and not joined by “and” or “and/or” or “or” the signature of each registered owner or seller is required. The Department considers no name indicator as “and” in these cases.
- If the owner or seller information is in the name of a business, the name of the business must appear along with the signature of an authorized business representative.
- Buyer information must be completed indicating exactly how the new Certificate of Title is to read, and it must show the buyer’s full legal name.

If the lienholder is a business, the business name must appear along with the signature of an authorized representative of the business.

- If the off-highway vehicle is leased, the words “Lessee” and “Lessor” must be included prior to the full legal name
- If there is more than one Lessee, separate the Lessees with a semi-colon “;”.

18. Nevada Driver’s License, Identification Card Number, or FEIN for businesses: Enter the number based on the document presented during the purchase transaction. The DMV will use these numbers to ensure the full legal name of the owner is placed on the registration and title.

Note:
- If the customer does not have a Nevada driver’s license or identification card, “No Nevada DL or ID” must be printed in the registered owner’s information area.
- Customers purchasing an off-highway vehicle(s) for a business that does not have an FEIN (Federal Employer Identification Number), enter “No FEIN.”
- Do not enter or use the customer’s social security number.

19. And/Or: If the registration and title are in more than one name, the appropriate box must be marked to indicate “and” or "or." Using “and” will require all persons on the title to sign the title to release interest in the off-highway vehicle. “OR” will allow for one person to sign the title to release interest in the off-highway vehicle, if there are two or more recorded owners.

20. Odometer Reading: This should be marked N/A for an off-highway vehicle.

21. Odometer Declaration: It is not necessary to check any of these boxes for an OHV.

OHV 011 (Revised 8/2012)
Duplicate Certificate of Title for an Off-Highway Vehicle
(Form OHV-007)

If a Nevada Certificate of Title for an Off-Highway Vehicle has been lost, stolen or mutilated, a duplicate title may be obtained, if at least 30 days have passed since the last certificate of title was issued, by completing the Application for Duplicate Nevada Off-Highway Vehicle Certificate of Title.

The application must be completed by the legal owner of the OHV on file with the Department of Motor Vehicles. The legal owner of the off-highway vehicle is:

- The lienholder, if applicable. If the OHV is leased, and there is no lienholder, the lessor is the owner of the OHV.
- If there is no lienholder or lessor, the owner of record is the registered owner.

The Application for Duplicate Nevada Off-Highway Vehicle Certificate of Title (Form OHV-007) must be completed in full and taken to a licensed Nevada off-highway vehicle dealer or submitted by mail to the Department of Motor Vehicles:

ATTN: OHV SECTION
555 Wright Way
Carson City, NV  89711

The application must be signed and witnessed by a notary public.

Off-highway vehicle transactions cannot be processed at DMV offices.

Dealers must submit a separate payment per customer to the Department. Multiple customer transactions remitted with a single payment will be rejected.

Funds received from a customer by an OHV dealer that are intended for the Department of Motor Vehicles must be deposited into a financial institution, as designated by the State Treasurer, by Thursday of each week in accordance with NRS 353.250.

The Duplicate Title fee must be submitted with the application. The title fee is $21.00; which includes a Technology fee, when the OHV is remaining in Nevada. Off-highway vehicles not physically located or registered in Nevada have a $36.00 title fee, which also includes a Technology fee. Additionally, a Title Processing Fee in the amount of $8.25 must be charged on all title transactions that involve a complete change of ownership.

If requesting the duplicate title be mailed to another state, a written statement is required. The statement must have the OHV description including VIN, year, and make. The statement must be issued by the other state’s agency responsible for issuing OHV titles and a registration verifying the Nevada Certificate of Title has not been surrendered to them.

The Duplicate Nevada Off-Highway Vehicle Certificate of Title becomes the valid title. Any attempt to use a previously issued title may constitute fraud, pursuant to NRS 490.520, which is considered a Gross Misdemeanor. If an invalid title is located, it must be returned it to the Department of Motor Vehicles immediately for disposal.
Instructions for completing the Application for Duplicate Nevada Off-Highway Vehicle Certificate of Title (Form OHV-007)

1. Vehicle Identification Number: Enter the complete vehicle identification number as it appears on the off-highway vehicle.

2. Off-Highway Vehicle Description: Enter the year, make, model and type of off-highway vehicle.

3. Date: Enter the date the application was completed.

4. The “Registered Owner(s)” area must be completed exactly as shown on the current title record. If the original Certificate of Title was issued with “and” between the registered owner’s names, all owners must sign the application. If the original title was issued without an indicator such as “and” or “or” then all owners must sign the application. The Department of Motor Vehicles considers the lack of a name indicator as “and” in these cases.

A company stamp or printed name of the company is required if the title was issued in the name of a company, along with the signature and title of an authorized representative of the company.

5. Nevada Driver’s License, Identification Card Number, or FEIN for businesses.
   - If the owner does not have a Nevada driver’s license or identification card, “No Nevada DL or ID” should be entered.

6. The date of birth should be included if the owner does not have a Nevada Driver’s License, Identification Card or FEIN.

7. The application should include the phone number and email address of the owner.

8. The application must include both the physical and mailing addresses of the owner. If the mailing address is the same as the physical address, “SAME AS ABOVE” should be entered on the mailing address line.

9. If no liens exist, write “NONE.” If a lien exists, record the name of the lienholder exactly as shown on the current title record. If a lienholder is applying for the duplicate Certificate of Title, the lienholder must complete the application.

10. Lienholder/Lessor’s Nevada Driver’s License, Identification Card Number, or FEIN for businesses.
    - If the lienholder/lessor does not have a Nevada driver’s license or identification card, “No Nevada DL or ID” must be entered.

    - Do not enter or use the lienholder/lessor’s social security number.

If the lien on the off-highway vehicle has been satisfied (paid in full), the registered owner may sign the application if it accompanied by a notarized lien...
release (OHV-018 or equivalent).

11. Enter the mailing address for the lienholder/lessor.

12. The “Requested By” area must be completed if the duplicate title is to be mailed to a different address or person. A letter of authorization is also needed unless the requestor is a licensed Nevada Off-Highway Vehicle Dealer.

13. The applicant must enter the reason the original Certificated of Title for an Off-Highway Vehicle is not available.

14. Signature must be witnessed by a Notary Public. A licensed off-highway vehicle dealer in Nevada is not required to have his signature notarized.

CHV 324 (Revised 07-01-2015)
Off-Highway Vehicle Inspection Certificate
(Form OHV-002)

Off-Highway Vehicle Inspection Certificate (Form OHV-002) is a form provided by the Department and when completed shows evidence that an off-highway vehicle inspection was completed by an inspector authorized by the Department (including off-highway vehicle dealers licensed in Nevada and law enforcement) to verify the off-highway vehicle identification number (VIN).

This form must be completed if the off-highway vehicle has never been registered in Nevada, or if the owner is unsure if the off-highway vehicle has ever been registered in Nevada. An OHV-002 is not required if the off-highway vehicle was purchased from a licensed Nevada off-highway vehicle dealer by a Nevada resident after July 1, 2012.

Verification of the off-highway vehicle identification number (VIN) will be confirmed by a physical inspection of the off-highway vehicle.

The physical inspection of the off-highway vehicle must be completed by an off-highway vehicle dealer authorized by the Department of Motor Vehicles or other authorized Nevada DMV representative such as law enforcement. The Department of Motor Vehicles does not perform physical inspections of off-highway vehicles, except in the case of a VIN assignment.

Verification of the VIN ensures the accuracy of the information used to create a Nevada Certificate of Title.

Once the Off-Highway Vehicle Inspection Certificate (Form OHV-002) has been completed in full, the form and all other necessary forms and fees must be taken to a licensed Nevada off-highway vehicle dealer or submitted by mail to the Department of Motor Vehicles:

SECTION III – COMPLETING OHV DOCUMENTS
An Off-Highway Vehicle Dealer’s Report of Sale (ORS) is the primary document used to title an off-highway vehicle sold or leased to a Nevada resident by a licensed Nevada off-highway vehicle dealer. Only a licensed Nevada off-highway vehicle dealer may issue an ORS.

When a Nevada off-highway vehicle dealer sells an OHV, the dealer is required to complete an ORS. The dealer must submit the ORS to the Department of Motor Vehicles with the necessary title paperwork. The customer has the option of having the dealer submit for a registration decal.

If a dealer performs a VIN inspection on an OHV they did not sell, the dealer is not required to submit any paperwork to the DMV if the customer does not wish. Since OHV dealers are not expected to act in a law enforcement capacity, if the customer chooses to have the dealer submit the necessary paperwork to obtain a registration decal, the dealer cannot require the customer to submit for a title as well. The opposite is also true, in that, a customer may choose to have the dealer submit the necessary paperwork to obtain a title, but the dealer cannot require the customer to submit for a registration decal as well.

For sales to individuals, the name of the purchaser that appears on the ORS must be the full legal name as it appears on the purchaser’s driver’s license or state issued identification card.

A Nevada off-highway vehicle dealer may not issue an ORS to:

- Themselves
- Other off-highway vehicle dealerships – wholesale off-highway vehicles to be resold by that off-highway vehicle dealership
- An out-of-state resident purchasing an off-highway vehicle in Nevada
- An out-of-state off-highway vehicle dealership when handling a sale as a courtesy delivery
- Buyers of motor vehicles subject to registration in accordance with NRS 482 (street legal motorcycles, trailers)
- Buyers of watercraft subject to registration in accordance with NRS 488 (boats and personal watercraft)

An ORS is issued the same day the purchase or lease of an off-highway vehicle becomes final. The date of transaction cannot be changed.

A dealer must furnish a copy of the ORS to the buyer not more than 10 days after the date the sale or lease took place in accordance with NAC 490.095.

An ORS must be issued when another off-highway vehicle dealer purchases or leases a new or used off-highway vehicle for personal or business use that they are not authorized to resell. In addition to issuing an ORS, the selling/leasing off-highway vehicle dealer must collect and remit sales tax.
The ORS must be completed in full and all information on the ORS must match the information contained on the Manufacturer’s Certificate of Origin or outstanding title.

The ORS must be typed or printed clearly in ink. If hand-printed, block and upper case letters are recommended.

If an error is made on the ORS, do not use correction fluid or correction tape to correct the information. With the exception of the date of transaction, to correct any error:

- Draw a line through the entire error
- Print or type the correct information above the error
- Stamp or print the dealership’s name
- Initial the correction

If any copy of the ORS is lost, DO NOT ISSUE A SECOND ORS. Make a photocopy of the lost ORS from the ORS book and write the following statement on the photocopy:

“I hereby certify that this is a true and exact copy of the original.”

- The statement must be signed by an authorized agent of the off-highway vehicle dealership
- After the off-highway vehicle is sold or leased, the off-highway vehicle dealer must submit a title transmittal form, the required title documents and associated fees to the Department’s Carson City office to complete the transfer of ownership. The transmittal form, documents and fees must be submitted within 30 days of the transaction regardless of whether the off-highway vehicle is new or used.

Submittals for an extension of time on an ORS may be requested by the off-highway vehicle dealer (refer to Section VI of this guide for additional information).

The ORS consists of three copies distributed as follows:

- The original (white) copy must be attached to all original required title documents and forwarded to:
  
  Attn: OHV Section  
  Department of Motor Vehicles  
  555 Wright Way  
  Carson City, Nevada 89711

- The green copy is given to the purchaser or submitted by the off-highway vehicle dealer on behalf of the customer to obtain a registration decal. The off-highway vehicle must be registered within 30 days of the date on the ORS.

- The dealer’s copy (yellow) is the dealer’s record of sale and must be retained for 3 years from the date of transaction.
Instructions for completing the Off-Highway Vehicle Dealer’s Report of Sale (Form OHV-004)

Below you will find information on the completion of the ORS. Please note; if any information is missing, the ORS will be rejected. If information is found to be missing, the purchaser will be asked to return to the dealership to have the ORS corrected. The title work will also be returned to the dealership for correction. The ORS can be corrected by drawing a line through the incorrect information, then writing the correct information above, or adding the missing data. Use a company stamp, date and sign, or initial on the margin by the correction.

1. **Vehicle Identification Number:** Completion of Form OHV-004 is the dealer’s confirmation that a physical inspection of the vehicle identification number was completed. This information must match the off-highway vehicle as well as all corresponding documents. OHV Regulation Section 20 requires the vehicle identification number be used when obtaining a registration decal.

2. **Off-Highway Vehicle Description:**

   OHV Regulation Section 27 requires the off-highway vehicle description be on the vehicle title.

4. **Full Sale Price:** Enter the full sale price of the off-highway vehicle, including the sales tax. If the off-highway vehicle was leased, enter the word “LEASED” in place of a sales amount. OHV Regulation Section 12, NRS 372.025, and NRS 372.065 define purchase price, gross receipts, and sale price, respectively.

5. **County Based in:** County in which the vehicle is going to be located must be included on the ORS.

6. **This transaction is a:** Based on the transaction type, mark the appropriate box for sale or lease. OHV Regulation Sections 34, 35, 36 and 37 govern off-highway vehicle sales and leases.

7. **Sales Tax Collected:** Based on the sale of the off-highway vehicle, indicate “YES” or “NO” by marking the appropriate box. Please note that NRS 372.105 requires Nevada licensees to collect sales tax on all retail sales in Nevada.

   7a. If an auction is liquidating an off-highway vehicle for a government entity, and the “NO” box is checked, below the box write in “TAX EXEMPT/GOV’T FLEET SALE”.

8. **Sold To:** Record the registered owner’s full legal name exactly as it appears on the customer’s driver’s license, identification card, or business license. This is the name that will be recorded on the off-highway vehicle Certificate of Title.
Customers purchasing an off-highway vehicle(s) for a business are not required to present their business license.

NRS 481.0515 requires the customer's full legal name be placed on the off-highway vehicle title.

Note:

- If the title is to read “doing business as” enter “DBA” preceding the business name.
- If the off-highway vehicle is leased, the words “Lessee” and “Lessor” must be included prior to the full legal name.
- If there is more than one Lessee, separate the Lessees with a semi-colon “;”.

9. **And/Or:** If the title is in more than one name, the appropriate box must be marked to indicate “and” or "or.” Using “and” will require the signatures of all persons on the title to release interest in the off-highway vehicle. "Or" will allow for one person to sign the title of the two or more recorded owners, to release interest in the off-highway vehicle.

10. **Nevada Driver’s License, Identification Card Number, or FEIN for businesses:** Enter the number based on the document presented during the purchase transaction. Per NRS 481.0515 the customer’s full legal name must be placed on the off-highway vehicle title. The DMV will use these numbers to ensure the full legal name of the owner is placed on the title.

Note:

- If the customer does not have a Nevada driver’s license or identification card, “No Nevada DL or ID” must be printed in the owner’s information area.
- Customers purchasing an off-highway vehicle(s) for a business that does not have an FEIN (Federal Employer Identification Number), enter “No FEIN.”
- Do not enter or use the customer’s social security number.

11. **Date of Birth:** Record the registered owner’s date of birth. The DMV will use this to identify the owner in the event the customer does not have a Nevada driver’s license, identification card or FEIN.

12. **Phone Number:** Record the registered owner’s phone number. The DMV will only use this if there is an issue that can be addressed via a phone conversation.

13. **E-Mail Address:** Record the registered owner’s e-mail address. This is an optional field.

14. **Physical Address:** Record the registered owner’s physical address information. OHV Regulation Section 20 requires DMV to obtain the customer’s physical address. If the customer is homeless, he/she may use the address of a shelter as a physical address.

Note:
15. **Mailing Address:** Record the registered owner’s mailing address information. When the customer’s mailing address is the same as the physical address, enter “Same.” If the customer is homeless, he/she may use U.S.P.S. General Delivery as a mailing address. This is the address the purchaser’s registration renewals will be mailed to. OHV Regulation Section 20 requires DMV to obtain the customer’s mailing address. OHV Regulation Section 29 requires DMV to mail the registration renewal notices before the registration expires.

**Note:**
- If the off-highway vehicle is leased, identify the address as “Lessee” or “Lessor.”
- If there is more than one Lessee, separate the Lessees with a semi-colon “;”.

16. **Lienholder/Lessor Name:** Include the name of the lienholder or lessor and specify either lienholder or lessor. This is the legal owner of the off-highway vehicle. OHV Regulation Section 27 requires the lienholder or lessor name be placed on the title.

**Note:**
- Write “NONE” if there is no lien against the off-highway vehicle.
- Indicate the legal owner’s title by writing “Lienholder” or “Lessor” after the legal owner’s name.

17. **Nevada Driver’s License, Identification Card Number, or FEIN for businesses:** Enter the number from the document presented during the purchase transaction. Per NRS 481.0515, the customer’s full legal name must be placed on the off-highway vehicle title. The DMV will use these numbers to ensure the full legal names of the owners are placed on the title.

The ORS must be properly and legibly completed. Incomplete, incorrect, or unclear information will result in the return of documents and delays for all parties involved.

Information on the ORS must match the information on the Manufacturer's Certificate of Origin or the applicable Certificate of Title.

Title fees and ownership documents must be submitted with the white copy of the ORS within 30 days of the date of sale.

A dealer may submit registration decal fees and applications with the green copy of the ORS upon the request of the customer.

The completed form must be submitted by mail to the Department of Motor Vehicles:

DMV 304 (Original 1-2013)
Application for OHV Registration Decal
(Forms OHV-001A, OHV-001B, OHV-001C, OHV-001D and OHV-001E)
(NAC 490.330)

The applications for off-highway vehicle registration decal are the primary documents used by Nevada residents to obtain their initial OHV registration decal.

Nevada does not require ownership documents in order for the owner of an off-highway vehicle (OHV) to obtain a registration decal. The requirements to obtain a decal are based on five different scenarios depending on the circumstances whereby the ownership of the OHV was obtained:

- When the off-highway vehicle was purchased by the current owner prior to July 1, 2012, Form OHV-001A must be completed. A vehicle identification number (VIN) inspection form (OHV-002) must be included if the OHV has never been titled or registered in Nevada.

- When the off-highway vehicle was purchased from a Nevada dealer on or after July 1, 2012, Form OHV-001B must be completed. The control number from the off-highway vehicle dealer report of sale (ORS) supplied by the selling dealer must be included on the form. The green copy of the ORS must be included.

- When the off-highway vehicle was purchased from a private party on or after July 1, 2012, Form OHV-001C must be completed. A VIN inspection form (OHV-002) must be included if the OHV has never been titled or registered in Nevada.

- When the off-highway vehicle was purchased from an out of state dealer on or after July 1, 2012, Form OHV-001D must be completed. A VIN inspection form (OHV-002) must be included if the OHV has never been titled or registered in Nevada. Proof that sales tax was paid must be included with the form.

- When the off-highway vehicle is homemade, form OHV-001E must be completed. A VIN assignment form (OHV-005) from a Nevada DMV inspection station must be included.

When a Nevada off-highway vehicle dealer sells an OHV, the dealer is required to complete an ORS. The dealer must submit the ORS to the Department of Motor Vehicles with the necessary title paperwork. The customer has the option of having the dealer submit for a registration decal.

If a dealer performs a VIN inspection on an OHV they did not sell, the dealer is not required to submit any paperwork to the DMV if the customer does not wish. Since OHV dealers are not expected to act in a law enforcement capacity, if the customer chooses to have the dealer submit the necessary paperwork to obtain a registration decal, the dealer cannot require the customer to submit for a title as well. The opposite is also true, in that, a customer may choose to have the dealer submit the necessary paperwork to obtain a title, but the dealer cannot require the customer to submit for a registration decal as well.

The owner of the OHV can either submit the decal application via mail or through a Nevada licensed OHV dealer.

If the OHV was purchased by the current owner prior to July 1, 2012, the owner must obtain a registration decal on or before June 30, 2013.
Off-Highway Vehicle Registration and Title Guide

If the OHV was purchased by the current owner on or after July 1, 2012, the owner must obtain a registration decal within 30 days of purchase.

The application must be completed in full.
The application must be typed or printed clearly in ink. If hand-printed, block and upper case letters are recommended.

If an error is made on the application, a new application must be completed.

**Below is information on the completion of the registration decal applications. Please note; if any information is missing, the application may be rejected.**

Lease Terminations

Lease Assumption means a complete change of registered owner (lessee). The original lessee has turned the off-highway vehicle back to the lessor/dealer and it has been leased to another person. The transaction is handled as a new sale or lease.

Lease Buyout (Termination) means a person or business leasing an off-highway vehicle that terminates the lease by purchasing the off-highway vehicle. This constitutes a sale and is processed as a new transaction.

An Off-Highway Vehicle Dealer’s Report of Sale (ORS) must be completed when a lease is terminated as a result of purchase of an off-highway vehicle. If the owner information remains the same as it was during the lease period, the dealer shall:

- Print “Lease Termination” across the top of the ORS
- Attach the completed and properly released Certificate of Title and the $29.25 title fee, which includes a Technology fee.
- Submit all three copies of the ORS and the supporting documentation to the Department
- Mark the appropriate box to indicate Sales Tax Collected. Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations, lease assumption, and lease buy-outs.

The Department’s Carson City office will issue a new registration decal for the off-highway vehicle removing the lease information, and mail it to the registered owner. Include $6, which includes a Technology fee for the new registration decal.

If there are changes in the registered owner information, but there is not a complete transfer of ownership or lease assumption, the dealer shall:

- Print “Lease Termination—Correction” across the top of the ORS; and
- Give the green copy of the ORS that shows the modified information to the customer.
- Mark the appropriate box to indicate Sales Tax Collected. Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations, lease assumption, and lease buy-outs.

The customer will pay the title fee at the time the new registration decal is issued.

Lease Assumptions

A lease assumption is a complete change in the registered owner (lessee). The seller or leasing company handles the transaction as a new sale or lease.

A new Off-Highway Vehicle Dealer’s Report of Sale (ORS) must be issued and submitted with the required documents and title if a licensed Nevada dealer completes the transaction. Mark the appropriate box to indicate Sales Tax Collected. Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations, lease assumptions, and lease buy-outs.

The purchase price area of the ORS must indicate, “Lease assumption.”
The dealer must provide the green copy of the ORS to the customer.

The white copy of the ORS and original title documents must be submitted by the dealer to the Department’s Carson City office.

The $21.00 title and Technology fee along with the $8.25 title processing fees must be submitted with the title documents when they are sent to the Department’s Carson City office.

Selling Governmental Agency Vehicles

NRS 372.040, 372.055, and 372.325

**Dealer licensed to auction:**

One or more of your auctioneers may be hired or contracted to assist a governmental agency with the sale or liquidation of one or more of their off-highway vehicles.

If the fee is a flat fee that is not a commission, fee, or other form of compensation derived or associated with the sale of each vehicle or group of vehicles; DO NOT:

- Sign onto the title
- Issue an ORS

**IMPORTANT:** Nevada sales tax exemptions apply to Nevada Government and U.S. Government off-highway vehicles only. Government off-highway vehicles (state owned) from other states that are brought into Nevada for retail sale, when sold by a licensed dealer or licensed dealer auction, are subject to the collection of sales tax.

**Note:** Sales tax exemptions only apply to the first sale of U.S. Government owned off-highway vehicles being sold, no matter where they are sold or purchased.

Government off-highway vehicles (owned by another state) that are purchased in another state and not registered in that state, then brought to Nevada to be registered, are subject to Nevada state sales tax.

**Dealer licensed to auction:**

One or more of your auctioneers are hired or contracted to assist a governmental agency with the sale or liquidation of one or more of their off-highway vehicles.

If the fee is a commission, fee, or other form of compensation derived or associated with the sale of each off-highway vehicle or group of off-highway vehicles; or the fee is for the sale of each off-highway vehicle from each buyer, YOU MUST:

- **Issue a Dealer Report of Sale** OHV Regulation Section 36

On the first public sale of governmental off-highway vehicles, you still DO NOT sign on to the title unless you are taking “ownership” of the off-highway vehicle prior to selling it to the public or another dealer. See Section II for instructions on how to complete and process the off-highway vehicle title.

A lienholder, as recorded on a Certificate of Title, may take possession of an off-highway vehicle that is in default of the terms of the applicable security agreement. To take such possession, the lienholder must submit the documents and follow the procedures required by OHV Regulation Section 79, 80 and 81.

Any person repossessing an off-highway vehicle without the knowledge of the registered owner must report the repossession orally to the police or sheriff’s office in the county where the repossession is made.

A lienholder must give written notice to the person named as liable on the security agreement of the intent to sell a repossessed off-highway vehicle. The written notice must be provided at least 10 days prior to the sale, and must be provided in person or sent by mail to the address as shown on the security agreement. The notice must:

- To cover the reasonable expenses of retaking, holding, preparing for sale, selling, and to the extent provided for in the security agreement, reasonable attorney’s fees and legal expenses incurred by the secured party
- To satisfy the indebtedness secured by the security interest under which the disposition is made
- To satisfy the indebtedness secured by any subordinate security interest in the collateral if written notification of demand is received before distribution of the proceeds is completed. If requested by the secured party, the holder of a subordinate security interest must furnish reasonable proof of his interest, and unless he does so, the secured party need not comply with his demand
- The payment of any surplus to the debtor

CHV 025 (Revised 9/2012)
**Off-Highway Vehicle Power of Attorney**

*(Form OHV-016)*

A Power of Attorney is a written legal document whereby one individual conveys to another the legal right to act on his or her behalf.

If the right to release interest in an off-highway vehicle has been conveyed to another person or firm by Power of Attorney, the original Power of Attorney must accompany the title documents, and it must contain a complete description of the off-highway vehicle, including the vehicle identification number, year, model and make.

If a general Power of Attorney is used to convey an individual's legal rights, a photocopy attached to the title documents is acceptable.

A Power of Attorney becomes null and void upon the death of the individual who conveyed his or her rights to another.

The Power of Attorney must be exercised by the person or firm named as representative on the form. To properly exercise the Power of Attorney, the name of the owner must be listed prior to that of the representative.

- **Example for an individual:**
  
  Sharon Smith by Jane Doe, P of A

- **Example for a business:**
  
  Sharon Smith by Morrison’s Garage George Morrison, P of A

The Power of Attorney must be exercised on the Certificate of Title or document for which the authority was granted. Otherwise, it is null and void.

The Off-Highway Vehicle Power of Attorney must be witnessed by a Notary Public. A licensed Nevada off-highway vehicle dealer’s signature is not required to be acknowledged by a Notary Public on documents the dealer must file with the Department.

When the Power of Attorney is used to release ownership of an off-highway vehicle, the Certificate of Title must be signed in the appropriate area by the individual appointed as Power of Attorney.

If a specific power of attorney is used to release ownership of an off-highway vehicle, a copy is acceptable only if it is a certified copy. The following statement must be included on the copy:

- “I hereby certify that this is a true and exact copy of the original that is being held in our files. I further certify the original will be available during normal business hours for review by Department of Motor Vehicles personnel if necessary.”

If a power of attorney is given to a business, the certification statement must include the business stamp or the printed or typed name of the business, the signature of the individual authorized to act on behalf of the business and the printed or typed name of the person certifying the copy of the specific power of attorney.

Off-Highway Vehicle Industry Occupational and Business Licensing and Regulation

In the exercise of legislative police power, it is necessary to regulate and license new and used off-highway vehicle dealers, leasing companies, salespersons and their representatives doing business in the State of Nevada in order to prevent frauds, impositions and other abuses upon its citizens.

The Department of Motor Vehicles (Department) has been charged with the responsibility of regulating the off-highway vehicle industry to ensure the legislative declaration and intent is met.

It is incumbent upon each licensee to know the laws governing the off-highway vehicle industry and the business for which the licensee is licensed. This information is intended to assist you in that effort.

Being Contacted by the Department
And Availability for Inspection of Books and Records

As a public agency, the Department serves you and many other customers. The Department may receive complaints against a licensee from the public. The Department’s Compliance Enforcement Division will investigate these complaints in order to protect the public interest and prevent unfair practices.

The law provides for inspection by the Department, of your Off-Highway Vehicle Dealers Report of Sale books (OHV-004), pertinent records, and off-highway vehicle inventory. As a condition of licensing, licensees are required to make their books and records available for inspection during normal business hours. Licensees are required to produce items for inspection within three business days of receiving a request from the Department, at the location specified. While records examination is required, we will make every effort to minimize any detrimental impact to the business.

Business Information

Business License

The business license is issued to an individual, partnership, LLP, LLC or corporation after receipt of an application and investigation of the applicant(s) by the Department. The license is valid only for the business and owner(s) for which it was issued. The licensed business may not allow any person, who is not a licensed principal or salesperson of the business, to operate under the authority of the license. The licensee may not lease the license to another business or person. The license is not an asset of the business and is not transferred to new owners should the business be sold.

If a licensee changes the name or location of the established place of business, he cannot conduct business under the new name or at the new location, until he has been issued a license for the new name or location, from the Department. Forms and instructions for change may be obtained at any Occupational and Business Licensing office, or on the DMV web site, www.dmvnv.com. NRS 490.360.4

- Because the actual value of used vehicles is difficult to establish, specific claims of savings must not be used. The term “Discount” must not be used in the business firm’s name, display sign or in retail vehicle advertising to imply that vehicles are being offered at wholesale when this is not the case.
• The words “Repo,” “Repossessed” or “Repossession” may not be used in the business firm’s name, trade style, signs or display signs, unless the business is actually selling only bona fide repossessed vehicles.

The lettering must be of sufficient size to be clearly legible from the center of the nearest street or roadway, and the lettering must be at least 8 inches high and formed by lines that are at least 1 inch wide. Two photos of the building with the display sign are required as part of the licensing packet. The photos must clearly show both the building and display sign. NRS 490.370

The display sign will not be considered acceptable if it is:

   B. Notify the Department of each branch where business is conducted by filing, on forms provided by the Department, information pertaining to each
branch as required by the Department. NRS 490.360

3. If a dealer changes the location of the established place(s) of business, the off-highway vehicle dealer shall not conduct business as an off-highway vehicle dealer under the new name or at the new location until he or she has been issued a license for the new name or location from the Department. Forms and instructions for change of address may be obtained at any Occupational and Business Licensing office or on the DMV web site at www.dmvnv.com. NRS 490.360

Business Structure

Application for business license as a dealer or lessor requires the applicant to list the business structure as individual, partnership, LLP, LLC or corporation.

1. When listing the business as a partnership, all partners (full legal names) must be listed on the application.

2. If the structure of the business is a limited partnership, it must be noted on the application and the structure of the limited partnership disclosed.

NOTICE OF NONCRIMINAL JUSTICE APPLICANT’S RIGHTS

As an applicant who is the subject of a Federal Bureau of Investigation (FBI) fingerprint-based criminal history record check for a noncriminal justice purpose you have certain rights which are discussed below.

1. You must be notified by (enter name of submitting agency) _____ that your fingerprints will be used to check the criminal history records of the FBI and the State of Nevada.

2. If you have a criminal history record, the officials making a determination of your suitability for the job, license or other benefit for which you are applying must provide you the opportunity to complete or challenge the accuracy of the information in the record. You may review and challenge the accuracy of any and all criminal history records which are returned to the submitting agency. The proper forms and procedures will be furnished to you by the Nevada Department of Public Safety, Records Bureau upon request. If you decide to challenge that accuracy or completeness of your FBI criminal history record, Title 28 of the Code of Federal Regulations Section 16.34 provides for the proper procedure to do so:

   16.34 – Procedure to obtain change, correction or updating of identification records. If, after reviewing his/her identification record, the subject thereof believes that it is incorrect or incomplete in any respect and wishes changes, corrections or updating of the alleged deficiency, he/she should make application directly to the agency which contributed the questioned information. The subject of a record may also direct his/her challenge as to the accuracy or completeness of any entry on his/her record to the FBI Criminal Justice Information Services (CJIS) Division, ATTN: SCU, Mail Drop D-2, 1000 Custer Hollow Road, Clarksburg, WV 26301. The FBI will then forward the challenge to the agency which submitted the data requesting that agency to verify or correct the challenged entry. Upon the receipt of an official communication directly from the agency which contributed the original information the FBI CJIS Division will make any changes necessary in accordance with the information supplied by that agency.

3. Based on 28 CFR § 5012 (b), officials making such determinations should not deny the license or employment based on information in the record until the applicant has been afforded a reasonable time to correct or complete the record or has declined to do so.

4. You have the right to expect that officials receiving the results of the fingerprint-based criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal or state statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.

5. I hereby authorize (enter name of the requesting agency) _____________________ to submit a set of my fingerprints to the Nevada Department of Public Safety, Records Bureau for the purpose of accessing and reviewing State of Nevada and FBI criminal history records that may pertain to me.

In giving this authorization, I expressly understand that the records may include information pertaining to notations of arrest, detentions, indictments, information or other charges for which the final court disposition is pending or is unknown to the above referenced agency. For records containing final court disposition information, I understand that the release may include information pertaining to dismissals, acquittals, convictions, sentences, correctional supervision information and information concerning the status of my parole or probation when applicable.
6. I hereby release from liability and promise to hold harmless under any and all causes of legal action, the State of Nevada, its officer(s), agent(s) and/or employee(s) who conducted my criminal history records search and provided information to the submitting agency for any statement(s), omission(s), or infringement(s) upon my current legal rights. I further release and promise to hold harmless and covenant not to sue any persons, firms, institutions or agencies providing such information to the State of Nevada on the basis of their disclosures. I have signed this release voluntarily and of my own free will.

A reproduction of this authorization for release of information by photocopy, facsimile or similar process, shall for all purposes be as valid as the original.

Sample Temporary Location License
Licensing of an Additional Location

An additional location of an off-highway vehicle dealership is considered a separate and new business and must meet all requirements of a new business, with the following exceptions:

- If the principals on the application for an additional location have submitted fingerprint cards, it is not necessary to submit additional fingerprint cards with the application for the second location.

- The bond covering the off-highway vehicle dealer’s principal place of business will cover the additional location if located in the same county and operated under the same name. A rider from the bonding company, acknowledging coverage for the additional location is acceptable. For any business located in a different county and/or operated under a different name, a separate bond is required.

Application for business license at an additional location is processed in the same manner as an original application. Processing time is one to two weeks. Upon approval, a business license number will be issued. Supplies such as Off-Highway Vehicle Dealer’s Report of Sale books are issued by business license number and cannot be transferred between locations.

The business license and salesperson license are displayed at the licensee’s physical location as listed on the license. Books and records must be made available for inspection by the Department during normal business hours.

Change of Business Principal Information

Documentation for change of business information may be submitted at any Occupational and Business Licensing office.

Adding a Business Principal

To add a principal to an existing business, an updated business license application must be submitted, signed by a current principal of the business, checking the change of business principal box and listing all principal’s full legal names in the ownership section.

A Personal History Questionnaire form OBL-242 completed with two sets of fingerprint cards and fingerprint processing fee must be submitted for the new business principal with the license application.

Updated Personal History Questionnaire form OBL-242 must be completed by existing principal(s).

If the business is either an individual or a partnership, a rider to the bond must be submitted adding the new principal’s full legal name.

If the business is LLP, LLC or corporation, new corporate documents reflecting the change of business principals or corporate officers are required.
The Department will conduct a background investigation on the applicant being added to the business and upon determination of eligibility for licensing, update the records of the Department to reflect the new information.

**Removing a Business Principal**

To remove a principal from the business license, an updated business license application reflecting the change of business principal information must be submitted to the Department along with a letter from the principal being removed stating that the principal is resigning from the business or relinquishing interest in the business and wishes to be removed.

An Updated Personal History Questionnaire form OBL-242 and Child Support form DS-268 must be completed by existing principal(s).

If the business is a LLC or corporation, new corporate documents and corporate filing reflecting the change of officers must be submitted.

If the business is a partnership, a rider to the bond must be submitted reflecting the removal of the principal.

In the event of the death of a principal, documentation of the death and a request to remove the person from the license is acceptable.

If a business is individually owned and the principal dies, the Department must be notified. Business operations must cease and the Department will change the business record to “Out-of-Business” status. A surviving spouse or surviving child may not continue to operate a business if not listed on the original license.

**Change of Business Address**

When a licensee changes the location or name of any of the established places of business, he cannot conduct business under the new name, or at the new location, until he has been issued a license for the new name or location from the Department.

NRS 490.360.4

Documentation for change of address may be submitted to any Occupational and Business Licensing office.

**Change of Physical Address**

When a licensee changes the physical address of the business, an updated business application form must be submitted to the Department documenting the new address information.

An Updated Personal History Questionnaire form OBL-242 must be completed by existing principal(s.)
New city or county business licenses, rider to the bond and photo of the new location reflecting the new address must accompany the updated application form.

If the new location of the business is in a county different from that of the previous location, a new bond or rider to the current bond reflecting the change of county of residence must also be submitted.

Dealers must also submit a Franchise Authority noting the change.

Upon approval, the Department will issue a revised business license and salespersons licenses. All licenses will be issued for the remaining portion of the calendar year.

**Change of Mailing Address**

When a licensee changes only the mailing address of the business, an updated business application reflecting the change of mailing address or a letter documenting the new mailing address with this information must be submitted to the Department. No other documentation is needed to change the mailing address only.

**Renewal of Business License**

All business licenses for off-highway vehicle dealers and salespersons licenses expire December 31st of each year. Licenses issued throughout the year expire on December 31st and pay the same fee; there is no prorating of fees. Licenses issued on or after November 1st, are valid for the following year.

Renewal applications are emailed to all licensees the first week of November of each year. The Occupational and Business Licensing Section of the Compliance Enforcement Division processes all renewals. Licensees are urged to submit the renewal form and fees early to allow processing time. Renewals may also be processed on the web at www.dmvnv.com.

A business principal listed on the renewal form must sign the renewal application. The renewal application will be returned if it is not signed by a business principal. A completed Child Support form OBL-268 must accompany the renewal application for each principal. If the form is missing for any of the principals, the renewal application and fees will be rejected and returned to the business. Businesses renewing online are required to maintain completed Child Support forms and make available when requested.

If the Department does not receive the renewal application prior to close of business on December 31st, all activity must cease until the license is renewed. Failure to cease business operations until the licensee is renewed may result in administrative fines and/or revocation of the license. Renewal applications submitted more than 30 days after the expiration of the license will not be accepted. Failure to renew prior to expiration or within 30 days of expiration will cause the license to be placed in an out of business status and a new application is required.
If the principal wishes, he may designate an office manager or resident agent, who will have authorization to sign the renewal and any other paperwork on behalf of the business. This authorization must be submitted to an Occupational and Business Licensing office in writing on the “Letter of Authorization” form OBL-276, and signed by a business principal. This person must submit a completed Personal History Questionnaire form OBL-242, two fingerprint cards and the $37.50 fingerprint processing fee.

Any change made to the business requires the submission of documentation with the renewal. See “Change of Business Information” section or contact your local Occupational and Business Licensing office for instructions and/or forms.

Salespersons licenses may be renewed at the time of renewal of the business license. If a licensee does not wish to renew a salespersons license, follow the instructions on the renewal notice. A completed Child Support form OBL-268 must accompany the renewal application for each salesperson being renewed. If the form is missing for any of the salespersons, the renewal application and fees will be returned to the business. Businesses renewing online are required to maintain completed Child Support forms for salespersons and make available when requested.

**Going Out of Business**

When a business licensee goes out of business, the business principal or officer must notify the Department immediately. The licensee must complete an Out of Business Memorandum form OBL-266. This form is documentation that the business voluntarily went out of business and includes the date the business closed.

Unused portions of Off-Highway Vehicle Dealer’s Report of Sale books issued to the licensee by the Department must be returned at the time the business ceases to operate. The dealer is responsible for maintaining copies of all reports of sale that were issued by the business for a period of three years from the date of issue.
