Section 1 - General Information
Guidelines

Always type or print in black or blue ink.

Owner information must be recorded on registration and title documents exactly as it reads on the owner’s driver’s license.

Ensure that the Vehicle Identification Number (VIN), year, make, odometer readings, registered owner and legal owner information are consistent on all documents.

Do not use correction fluid or correction tape. Do not alter any information on the documents.

A release should be the same as it appears on title documents, i.e., Elizabeth should sign as Elizabeth.

All documents must be originals unless certified true copies of the original documents. However, ownership certificates/titles must always be the original.

Vehicle Identification Number Information

Since 1954, American automobile manufacturers have used a Vehicle Identification Number (VIN) to identify and describe a vehicle.

Since 1981, all manufacturers of vehicles sold in the United States are required to use a standardized 17 (seventeen) digit VIN structure. When the department is provided with a vehicle with an eighteen (18) digit VIN, the VIN will be verified before the vehicle information is entered.

Variations exist in the location of a VIN and in the systems used for a VIN; they may vary year of manufacture and between manufacturers.

A VIN should always be verified by a physical inspection of the vehicle.

11th Character: Identifies the assembly plant for the vehicle.

12th to 17th Characters: Identifies the sequence of the vehicle for production as it rolled off the manufacturer's assembly line.

**Importance of Accuracy**
The Department of Motor Vehicles uses the VIN as the primary identifier for entry and retrieval of records. It is therefore critical that all documents are completed using the correct VIN.

**TO AVOID ERRORS:**

- Always use the entire VIN.
- Ensure the VIN is entered or recorded accurately. It is best to use block letters.
- If the VIN is handwritten, try to avoid the following most common errors:
**Letter** | **May be mistaken for:**
--- | ---
B | 13 or 8
D | 0
G | 6 or C
J | T or I or 5
R | K
S | 5
Y | 4 or H
Z | 2 or 7 on a line

**Note:** “I” and “1” are often confused. The letter “I” is rarely used in a VIN.

The letter “O” is never used in a VIN, with the exception of state assigned VINS, such as those that are assigned by the states of Colorado (i.e., COLO123456) or Missouri (DR000000MO or DRMVB0000000000MO).

**Notaries Public**

If a document must be notarized, the provisions of Nevada Revised Statutes (NRS) 240.010 through 240.150 must be followed.

A notary public may not perform any act authorized by NRS 240.065 if he or she:

1. Executed or is named in the instrument acknowledged or sworn to;
2. Will receive directly from a transaction relating to the instrument any commission, fee, advantage, right, title or interest, property or other consideration in excess of the authorized fees; or
3. Is related to the person whose signature is to be acknowledged or sworn to as a spouse, sibling, or lineal ancestor or descendant.

**Attempt to Contact**

If the Department of Motor Vehicles requires evidence of an “Attempt to Contact” the owner or lienholder of a vehicle, you must do the following:

- Write to the owner of record asking them to sign the enclosed documents (Bill of Sale, Application or Duplicate Title etc., depending on the requirements) in front of a Notary or to contact you.

- **Caution:** Do not mail original ownership documents that are in your possession. Mail photocopies of the ownership documents, and request the owner contact you to arrange signing the original documents.

- If you need a signature on an original document, and it is a secure document (i.e., Secure Power of Attorney, Title) a signed photocopy is not acceptable.

- Send the letter by “Certified Mail – Return Receipt Requested.” Keep the payment receipt, issued to you by the Post Office, with your records. Retain copies of everything you mail.

- If the letter is returned with a forwarding address filed with the U.S. Postal Service, resend the letter to the forwarding address by “Certified Mail – Return Receipt Requested.”
• If the letter is returned to you as “Undeliverable,” do not open it; or

• If you receive a signed Post Office Receipt showing the letter was received and fifteen (15) days have passed since the date of receipt:
  ○ Bring all documents for the vehicle, along with the returned letter or the signed receipt, to the Department of Motor Vehicles.
  ○ At that time, the Department of Motor Vehicles should be able to assist you with the vehicle registration and titling of the vehicle.

• If the former owner(s) contact you and provide you with the necessary signatures, the receipt or returned letter is not needed.

• Prior to being issued a vehicle registration or title, you will need to have a Vehicle Identification Number Inspection (form VP-15) completed on the vehicle.
Section 2 - Salvage Title
Nevada Salvage Title
(Form VP2S)

Salvage Title means a certificate of title issued by the state agency pursuant to NRS 487.810.

Upon submission of a completed application and applicable fees, the Department will issue a Salvage Title for a vehicle to:

- The legal owner of the vehicle;
- The person to whom the vehicle is titled;
- An insurance company that acquires the vehicle as a salvage vehicle; or
- A lienholder who acquires title to the vehicle.

If the Certificate of Title/Ownership is held by a lienholder, the registered owner must notify the lienholder within ten (10) days that the vehicle has become a salvage vehicle. The lienholder must, within thirty (30) days of receiving the notice, forward the title and the Application for Salvage Title or Non-Repairable Vehicle Certificate (Form VP-213) to the Department.

An Application for Salvage Title or Non-Repairable Vehicle Certificate (Form VP-213) and all accompanying documents will be returned to the applicant if they are not correctly completed in full.

### Salvage Title Fees:

</table>

An owner of a salvage vehicle may only sell the salvage vehicle to a salvage pool, automobile auction, rebuilder, automobile wrecker, or a new or used automobile dealer.

The Authorization for Vehicle Restoration must be obtained prior to the vehicle being rebuilt for vehicles five (5) years old or newer. The vehicle must be repaired or restored to operation, have a completed VP-64 Certificate of Inspection / Affidavit of Vehicle Construction and have a title branded rebuilt before the vehicle may be sold to a person other than the businesses listed above.

REVISED JULY 2022

SECTION 2 SALVAGE TITLE
Bonded Title

If an applicant who is seeking a certificate of title to a vehicle from the Department pursuant to NRS 482.2605 or NRS 487.820 is unable to satisfy the Department that the applicant is entitled to a certificate of title, the applicant may obtain a new certificate of title from the Department by:

2. Allowing the Department to inspect the vehicle to verify the vehicle identification number and identification numbers, if any, on parts used to repair the vehicle; and
3. Authorizing the Department to conduct a search of the history of the vehicle through any national crime information system, including, without limitation, the:
   a. National Crime Information Center, as defined in NRS 179A.061; and
4. Any person damaged by the issuance of a certificate of title pursuant to this section has a right of action to recover on the bond for any breach of its conditions, except the aggregate liability of the surety to all persons must not exceed the amount of the bond. The bond must be in force for three (3) years from the date of issuance.
5. The bond required must be:
   a. Executed by the applicant as principal and by a corporation qualified under the laws of this State as surety;
   b. In an amount equal to

   c. Conditioned to indemnify any:
      (1) Prior owner or lienholder of the vehicle, and his or her successors in interest; or
      (2) Subsequent purchaser of the vehicle, and his or her successors in interest; or
      (3) Person acquiring a security interest in the vehicle, and his or her successors in interest, against any expense, loss, or damage because of the issuance of the certificate of title or because of any defect in or undisclosed security interest in the applicant’s right or title to the vehicle or the applicant’s interest in the vehicle.

Insurance Company Affidavit Without Endorsed Title

**NRS 487.800**

(Form VP236)

An Insurance Company Affidavit without Endorsed Title (Form VP236) must be submitted to obtain a salvage title or non-repairable vehicle certificate when the legal owner does not forward a properly endorsed certificate of title, including an odometer disclosure within thirty (30) days after the completion of an insurance claim.

Thirty (30) days after the completion of an insurance claim, if the properly endorsed certificate of title has not been received, an attempt to contact the registered owner and lienholder, if lienholder exists, must be made. There must be at least two (2) written attempts to each by certified mail, return receipt requested, or by use of a delivery service with a tracking system, to obtain the endorsed certificate of title.

1. Send the letter by “Certified Mail – Return Receipt Requested.” Keep the payment receipt, issued to you by the Post Office, with your records. Retain copies of everything you mail.

2. If the letter is returned with a forwarding address filed with the U.S. Postal Service, resend the letter to the forwarding address by “Certified Mail – Return Receipt Requested.”

3. If the letter is returned to you as “Undeliverable,” do not open it.

4. If you receive a signed Post Office Receipt showing the letter was received, keep the receipt. The receipts must be submitted to the Department of Motor Vehicles.

   If the former owner(s) provide the properly endorsed ownership document, complete the Application for Salvage Title or Non-Repairable Vehicle Certificate (VP213).

   Prior to submitting the documents to the Department of Motor Vehicles, you must have a Certificate of Inspection (VP15) completed on the vehicle.

5. After the two (2) attempts to contact the owner(s), submit to the Department:

Out-of-State Salvage Certificate/Titles
Salvage titles issued by other states must be properly endorsed and must indicate and document a complete “chain of ownership” for the vehicle.
Contact the Department prior to accepting documents for a salvaged or junked vehicle, as laws from other states vary, and there may be instances where the Department must determine whether the documents can be accepted and whether a Salvage Title can be issued.
Some states will issue a salvage title for vehicles that have been issued a junk or non-repairable designation in another state. Nevada will not issue a salvage title for any vehicle that has or has had a status from any state denoting the vehicle cannot or should not be repaired for use on public highways or roads.

Retention of Salvage Vehicles
An insured party (registered owner) may elect to retain a vehicle that has been declared a total loss insurance settlement. The insurance company or authorized agent must obtain the signature of the registered owner on the Application for Salvage Title or Non-Repairable Vehicle Certificate and the current vehicle title.
The insurance company must apply for a Salvage Title, by submitting the Application for Salvage Title, current title and fees on behalf of the person who is retaining the salvage vehicle. The vehicle may not be sold or transferred until the registered owner has received a Salvage Title.
An owner of a total loss salvage vehicle may sell the vehicle with the properly endorsed certificate of title, without making any repairs to the vehicle, only to a salvage pool, automobile auction, rebuilder, automobile wrecker or a new or used motor vehicle dealer.

Authorization for Vehicle Restoration
NRS 487.480
(Form VP209)
As required by NRS 487.480, the Department will not issue a Certificate of Registration or title for vehicles that have been issued a Salvage Title (if the vehicle is five years old or newer) unless the Department has authorized the restoration of the vehicle. Form VP-209, Authorization for Vehicle Restoration, must be completed.
The authorization to restore the vehicle must be obtained prior to the vehicle being rebuilt. Only an authorized Nevada Department of Motor Vehicles Representative may complete the form.
In order to register and/or title the vehicle, the Authorization for Vehicle Restoration, Salvage Title and Certificate of Inspection/Affidavit of Vehicle Construction for Rebuilt or Specially Constructed Vehicles (VP-64 or VP-64M) must be provided. Additional documents may be required as deemed necessary.
Certificate of Inspection / Affidavit of Vehicle Construction
Certificate of Inspection / Affidavit of Vehicle Construction (Form VP-64)
Certificate of Inspection / Affidavit of Motorcycle / Trimobile Construction (Form VP-64M)
Certificate of Inspection and Affidavit of Trailer Construction (Form VP-223)

Certificate of Inspection / Affidavit of Vehicle Construction (Form VP-64), Certificate of Inspection / Affidavit of Motorcycle / Trimobile Construction (Form VP-64M) or Certificate of Inspection Affidavit of Trailer Construction (Form VP-223) must be completed in order to register or title a vehicle for which a Salvage Title has been issued. The Certificate of Title and other documentation, as required, must also accompany the VP-64, VP-64M, or VP-223.

An owner or authorized employee of a Nevada registered garage, licensed body shop, or rebuilder must certify that a salvage vehicle or motorcycle is repaired or rebuilt and must comply with the standards published and commonly applied in the motor vehicle repair industry.

Motorcycle repair shops must be registered with the Department.

If any safety equipment that was present in a motor vehicle at the time it was manufactured is repaired or replaced, the equipment must be repaired or replaced to the standards published and commonly applied in the motor vehicle repair industry.

If a motor vehicle has been in an accident and a garageman, operator of a body shop, or rebuilder accepts or assumes control of the motor vehicle to make any repair, the garageman or operator shall:

1. For a motor vehicle that is equipped with an airbag that has been deployed, replace the airbag in a manner that complies with the standards set forth in 49 C.F.R. § 571.208, Standard No. 208, for such equipment; and
2. For a motor vehicle that is equipped with a seatbelt assembly which requires repair or replacement, repair or replace the seatbelt assembly in a manner that complies with the standards set forth in 49 C.F.R. § 571.209, Standard No. 209, for such equipment.

A garageman or operator of a body shop who is licensed pursuant to the provisions of chapter 487 of NRS and who performs the work required must retain a written record of the work, including, without limitation, the date of the repair, rebuilding or replacement, and any identifying information regarding any parts or equipment used in the repair, rebuilding, or replacement.

Nevada Highway Patrol Troopers, local police and sheriffs are considered authorized agents of the Department and may complete a VIN inspection (VP-15). The agency name and badge number must be recorded on the form. However, an Authorized DMV Agency Inspector must complete Forms VP-64 and Form VP-64M.

Nevada Certificates of Title issued for vehicles using Form VP-64, VP-64M or VP-223 will be branded in accordance with statements made on the form by the owner.

Form VP-64, VP-64M or VP-223 may also be used for required mechanic's inspections and required Department safety checks.

VF 220 (Rev 02/2022)
Section 3 - Non-Repairable Vehicle Certificate
Non-Repairable Vehicle Certificate
(Form VP-2NR)
A Non-Repairable Vehicle (NRS 487.760) is defined as a motor vehicle, other than an abandoned vehicle that:

1. Has value only as a source of parts or scrap metal;
2. Has been designated by its owner for dismantling as a source of parts or scrap metal;
3. Has been stripped of all body panels, doors, hatches, substantially all interior components and substantially all grill and light assemblies; or
4. Has been burned, destroyed, or otherwise damaged to such an extent that it cannot be returned to a condition which is legal for operation on the highways of this state.

A Non-Repairable Vehicle Certificate will be issued, upon application, for a vehicle as described in the definition (follow directions for Application for Salvage Title or Non-Repairable Vehicle Certificate). A Non-Repairable Vehicle Certificate must be issued before the ownership interest in a non-repairable vehicle may be transferred.

Once a vehicle has been issued a Non-Repairable Vehicle Certificate, the vehicle may not be registered, issued a Certificate of Title, or be restored for use on Nevada highways.

A vehicle for which a Non-Repairable Vehicle Certificate has been issued may not apply for or be issued a Salvage Title.

Transfer of ownership for a Non-Repairable Vehicle may only occur between a licensed automobile wrecker, dismantler, or recycler. A licensed automobile wrecker, dismantler or recycler may only process a Non-Repairable Vehicle as parts or scrap metal.

A Duplicate Non-Repairable Vehicle Certificate may be issued by completing an Application for Salvage Title or Non-Repairable Vehicle Certificate, checking the transaction type box, indicating “Duplicate.”

No fee is assessed for a Non-Repairable Vehicle Certificate.
