PREFACE

The Nevada Department of Motor Vehicles has prepared this guide to assist Nevada Automobile Wreckers and Tow Car Operators when conducting business with the Department. It was created as an informational and instructional reference, and attention to the detailed information and examples will ensure proper completion of forms required to register and/or title vehicles in the State of Nevada.

Implementation of requirements as outlined in this guide and attention to detail when completing forms will be beneficial to you, your customers, and the Department. Documents properly prepared and submitted will ensure that our records are correct. This allows the Department to respond to inquiries from consumers, vehicle industry members and law enforcement with up to date, accurate information.

GENERAL INFORMATION
Guidelines

Always type or print in black or dark blue ink.

The owner’s full legal name and address information must be recorded on registration and title documents exactly as it reads on the owner’s driver’s license.

Ensure the Vehicle Identification Number (VIN), year, make, odometer readings, and registered owner and legal owner information are consistent on all documents.

Signatures must always be handwritten, unless waived by the Department because the submittal is done by electronic means. A printed release will not be accepted unless accompanied by a notarized or witnessed statement (from the person in question) stating that the signature is a legal signature.

Do not use correction fluid or correction tape.

Do not alter any information on documents.

A release should be the same as it appears on title documents, i.e., Elizabeth should sign as Elizabeth.

All documents must be originals unless certified true copies of the original document. Only certain documents can be accepted as true and exact copies.

Importance of Accuracy

The Department of Motor Vehicles uses the VIN as the primary identifier for entry and retrieval of records. It is therefore critical that all documents are completed using the correct VIN.

TO AVOID ERRORS:

- Always use the entire VIN.
- Ensure the VIN is entered or recorded accurately. It is best to use block letters.
- If the VIN is handwritten, try to avoid the following most common errors:

<table>
<thead>
<tr>

<th>May be mistaken for:</th>

<tr>

</tr>
</tbody>
</table>

“l” and “1” are often confused. The letter “l” is rarely used in a VIN.

The letter “O” is never used in a VIN, with the exception of state assigned VINs, such as those that are assigned by the states of Colorado (i.e., COLO123456) or Missouri (DR000000MO or DRMVB00000000MO).
Vehicle Identification Number (VIN) Information

Since 1954, American automobile manufacturers have used a Vehicle Identification Number (VIN) to identify and describe a vehicle.

Since 1981, all manufacturers of vehicles sold in the United States are required to use a standardized seventeen (17) digit VIN structure. When the department is provided with a vehicle with an eighteen (18) digit VIN, the VIN will be verified before the vehicle information is entered.

Variations exist in the location of a VIN and in the systems used for a VIN; they may vary by year of manufacture and between manufacturers.

A VIN should always be verified by a physical inspection of the vehicle.

Section 2
OWNERSHIP DOCUMENTS AND FORMS
Nevada Certificate of Title

Nevada Title

NRS 482.245, 482.260, 482.285 and 482.400

There are currently several valid styles of Nevada Certificates of Title (Form VP-2 and RD-2) in circulation. For the purpose of this guide, only the three (3) most recent styles will be addressed (Revisions 1/2022, 1/2016, and 8/2010).

The registered owner or seller must sign the certificate of title exactly as the name appears on the face of the certificate of title.

- If there is more than one registered owner or seller, and they are joined by “and,” the signature of each owner or seller is required.
- If there is more than one registered owner or seller, and they are joined by “and/or” or “or,” only one of the owner’s or seller’s signature is required.
- If there is more than one registered owner or seller, and not joined by “and” or “and/or” or “or”, the signature of each registered owner or seller is required. The Department considers no name indicator as “and” in these cases.
- If the registered owner or seller information is in the name of a business, the name of the business must appear along with the signature of an authorized business representative.
- Buyer information must be completed indicating exactly how the new Certificate of Title is to read, using the buyer’s full legal name as it appears on their driver’s license.
- Any vehicle donated to the Tow or Wrecker licensee must include a Seller signature on the title. A lien sale cannot be processed for a donated or purchased vehicle regardless of any charges or repairs incurred after its acquisition by the licensee.

The signature of the lienholder or the authorized agent and the date of the signature are required to complete the release. If the lienholder is a business, the business name must appear along with the signature of an authorized representative of the business.

Lien Release means a written release from a person, business or financial institution on record as having a security interest in a vehicle. The lien release must include a complete vehicle description.

An electronic lien title must be released by the lienholder electronically. The electronic lien release will create a new title without the lien listed (clear title). The title will be mailed to the party requested by the lienholder.

A lien release or satisfaction of lien enables a lienholder to release the security interest in a vehicle. It may be used with the Certificate of Title or with an application for a duplicate Certificate of Title for a printed title.

The lien release must include:

1. A complete description of the vehicle, including the vehicle identification number, year, make, and model.
2. The registered owner’s full legal name.
3. The registered owner’s address.
4. The printed name of the lienholder.
5. The address of the lienholder.

Note: A Lien Release (Form VP-186) is available from the Department. However, other forms will be accepted provided they contain the information specified above.
Power of Attorney

NRS Chapter 162A

A Power of Attorney is a written legal document whereby one individual conveys to another the legal right to act on his or her behalf.

If the right to release interest in a vehicle has been conveyed to another person or firm by Power of Attorney, the original Power of Attorney must accompany the title documents, and it must contain a complete description of the vehicle, including the vehicle identification number, year, make, and model.

If a general Power of Attorney is used to convey an individual’s legal rights, a photocopy attached to the title documents is acceptable.

A Power of Attorney becomes null and void upon the death of the individual who conveyed his or her rights to another.

The Power of Attorney must be exercised by the person or firm named as representative on the form. To properly exercise the Power of Attorney, the name of the owner must be listed prior to that of the representative.

- Example for an individual:
  Sharon Smith by Jane Doe, P of A

- Example for a business:
  Sharon Smith by Morrison’s Garage George Morrison, P of A

The Power of Attorney must be exercised on the Certificate of Title or document for which the authority was granted. Otherwise, it is null and void.

The Power of Attorney must be signed in the presence of a Notary Public or authorized Nevada Department of Motor Vehicles representative. If witnessed by a Notary Public, the stamp and signature of the notary public must appear on the affidavit. If witnessed by an authorized Department representative, the name and validation stamp or employee identification number, as applicable, must appear on the affidavit. A licensed Nevada dealer’s signature is not required to be acknowledged by a Notary Public on documents the dealer must file with the Department, except in regard to deposit in lieu of bond. (NRS 482.3275)

When the Power of Attorney is used to release ownership of a vehicle, the Certificate of Title must be signed in the appropriate area by the individual appointed as Power of Attorney.

If a specific power of attorney is used to release ownership of a vehicle, a copy is acceptable only if it is a certified copy. The following statement must be included on the copy:

“I hereby certify that this is a true and exact copy of the original that is being held in our files. I further certify the original will be available during normal business hours for review by Department of Motor Vehicles personnel if necessary.”

If a power of attorney is given to a business, the certification statement must include the business stamp or the printed or typed name of the business, the signature of the individual authorized to act on behalf of the business and the printed or typed name of the person certifying the copy of the specific power of attorney.

A non-secure Power of Attorney form will no longer be accepted for odometer disclosure, as mandated by federal regulations 49 CFR Part 580.

ABANDONED VEHICLES AND LIEN SALES
Towing Abandoned Vehicles

NRS 487.230

Nevada licensed Automobile Wreckers and Tow Car Operators who remove abandoned vehicles from public or private property as prescribed by NRS 487.230 may place a lien on the vehicle for towing and storage charges.

The vehicle must be declared abandoned on public property by a law enforcement agency or on private property by the property owner or person in lawful possession of the private property. NRS 258.125 entitles a $100.00 fee be paid to a constable who causes the removal of a vehicle from public property.

Whenever a vehicle has been removed to a garage or other place as provided by NRS 487.230, the owner of the garage or the automobile wrecker who towed the vehicle may acquire a lien on the vehicle for the costs of towing and storing for a period not exceeding ninety (90) days. NRS 487.270.

NAC 487.030 sets towing fees for an abandoned vehicle at a fixed rate of $55.00, regardless of the time of day, the distance to the vehicle or the type of equipment used to tow the vehicle.

For every abandoned vehicle, a tow company or wrecker must have in their possession one of the following documents as proof the vehicle qualifies as an abandoned vehicle:

- For a law enforcement ordered impound of an abandoned vehicle, a law enforcement agency impound report identifying the vehicle as impounded as an “abandoned vehicle.”

If a vehicle is impounded for some other reason, the impound report will indicate that fact i.e., “impounded” or “stored” and the appropriate box on the form will be checked. For those categories of tow, there should be an explanation written on the form describing whether there are holds on the vehicle and the terms or conditions for release of that vehicle. Vehicles impounded by law enforcement or other enforcement agencies that are not classified “abandoned” may only be processed by a tow company or wrecker in accordance with the provisions of NRS 108.265 to NRS 108.367 inclusive. Such vehicles include but are not limited to: vehicles impounded and stored as a result of a traffic accident, traffic citation, arrest, or for any reason not classified as “abandoned.” Such impounds may NOT be reclassified or the reason for towing changed, to allow the vehicle to be processed as an abandoned vehicle.

- If an abandoned vehicle has been towed as a result of a property owner or property manager’s request to remove an abandoned vehicle from their private property, a “PRIVATE PROPERTY ABANDONED VEHICLE RELEASE” (POR) form is required by the Department as proof of a private property abandoned vehicle impound.

Per NRS 487.240 DMV Appraiser may request documents from a tow company operator or wrecker to support their acquisition of an abandoned vehicle listed on the company’s abandoned vehicle transmittal sheet. If such a request is made, the tow company operator or wrecker must provide either a “POR” or the police impound report indicating the vehicle was abandoned.

The DMV Appraiser may request additional documents to support the tow company or wrecker’s acquisition of a vehicle. If a tow company operator or wrecker refuses or is unable to produce the required documents or additional supportive documents that support the tow company or wrecker’s possession of a vehicle, the DMV Appraiser may refuse to appraise that vehicle.
The only alternative to the law enforcement impound or private property abandoned vehicle release would be an order issued by a court having jurisdiction which declares a specified vehicle or group of specified vehicles be removed from private or public property as abandoned vehicles.

**Private Property Abandoned Vehicle Release-Property Owners Release**

“Private Property Abandoned Vehicle Release” or Property Owners Release (POR) form

- The “POR” form is used by the tow company or wrecker when they are requested to remove an abandoned vehicle or vehicles by a private property owner or property manager.

- Except for the spaces provided for “Registered and/or Legal Owner” information, which may not be known for abandoned vehicles, the form must be completed in its entirety and printed legibly. Electronic signatures are acceptable when approved and authenticated (See DMV Acceptance of Electronic Signatures at https://dmv.nv.gov/pdfforms/esignature.pdf).

- The form is maintained as a record of the tow company or wrecker’s authorization to remove a vehicle from private property. The “POR” must be produced when requested by a DMV Appraiser or law enforcement officer making inquiries regarding the vehicle or its removal from private property.

**Note:** All vehicles abandoned pursuant to NRS 487.230 will only be eligible for a Salvage or Non-Repairable certificate, pursuant to NRS 487.270. However, during the 82nd (2023) Legislative Session, AB57 was passed which provided that before an automobile wrecker or operator of a tow car satisfies his or her lien, the automobile wrecker or operator of a tow car may request that the Department issue an unbranded title for the vehicle. The Department shall issue the unbranded title if the automobile wrecker, provided a certificate of inspection in such form as the Department may prescribe which has been submitted.

Abandoned Vehicle Liens

NRS 487.205

Automobile wreckers and tow car operators who remove abandoned vehicles from public or private property as prescribed by NRS 487.270 may place a lien on the vehicle for towing and storage charges.

A vehicle must be declared as abandoned on public property by a law enforcement agency and on private property by the property owner or person in lawful possession of the private property.

Vehicles impounded, as authorized by NRS 484B.443, by law enforcement as a result of a traffic accident, a traffic violation or arrest, or received by the tow car company operator or wrecker for any other non-abandoned vehicle tow, are not classified as abandoned vehicles (as defined by NRS 487.210).

A lien associated with towing, storage, and administrative fees for vehicles impounded under those conditions must be processed as labor liens for towing and storage in accordance with the provisions of NRS 108.265 to NRS 108.367 inclusive. Vehicles declared as abandoned processed with provisions of NRS 108.265 to NRS 108.367 do not require an appraisal report (VP161) with the lien packet and will only be issued a Salvage title or Junk certificate.

As prescribed by NRS 706.4479, automobile wreckers and tow car operators must make every reasonable attempt and use all resources reasonably necessary, as evidenced by written documentation, to obtain the identity of the owner and any other necessary information from the agency charged with the registration of the motor vehicle in this State or any other state within:

- Twenty-one (21) calendar days after placing the motor vehicle in storage if the motor vehicle was towed at the request of a law enforcement officer following an accident involving the motor vehicle; or
- Fifteen (15) calendar days after placing any other motor vehicle in storage.

It is recommended that all surrounding states are taken into consideration when attempting to obtain the identity of the owner.

The tow operator or wrecker shall attempt to notify the owner, or any other person known to have or to claim an interest in the vehicle by registered or certified mail as soon as possible, but in no case later than 15 calendar days after identification of the owner is obtained for any motor vehicle. Pursuant to NRS 706.4477, if a request to tow is by the owner or agent of the owner of real property, it is presumed the registered owner abandoned the vehicle and is responsible for the cost of removal and storage. The registered owner may rebut the presumption by showing the transfer of interest in the motor vehicle or prove the vehicle was stolen.

If an operator includes in his tariff a fee to be charged to the registered and legal owner of a vehicle for the towing and storage of the vehicle, the fee may not be charged:

- For more than twenty-one (21) calendar days after placing the motor vehicle in storage if the motor vehicle was towed at the request of a law enforcement officer following an accident involving the motor vehicle; or
- For more than fifteen (15) calendar days after placing any other vehicle in storage,
- Unless the operator complies with the notification requirements.

Note: The fifteen (15) calendar days referred to in this section under “Abandoned Vehicle Liens” should not be confused with, or applied to, NRS 487.210 when defining an abandoned vehicle,
and does not qualify a vehicle as abandoned should there be no response to the notice sent. In order for the provisions of NRS 487.250, subsections 3 and 4 to apply, the vehicle must first be included on an abandoned vehicle transmittal form, be confirmed by a Department representative as acquired by the Tow Company or wrecker as an abandoned vehicle, then appraised by a Department representative at a value of $1,500.00 or less. Notification for Abandoned Vehicle shall not be sent until an Appraisal is completed.

NRS 706.4468 allows the Nevada Transportation Authority to reduce any charge for preparing or satisfying a lien which is filed by the tow operator if the Nevada Transportation Authority determines that all or part of the charge is attributable to the operator’s failure to prepare or satisfy the lien in a timely manner.

NRS 108.353

A person contesting the validity of a lien on a motor vehicle may file, in addition to any other civil action authorized by law, a notice of opposition to the lien in the justice court in the jurisdiction where the motor vehicle is located. The person filing the notice shall serve copies of the notice upon the lien claimant and the Department of Motor Vehicles. Upon the filing of the notice of opposition to the lien, the Justice of the Peace shall schedule a hearing on the notice, which must be held not later than 14 calendar days after service of the notice but not sooner than 5 calendar days after service of the notice. The Justice of the Peace shall affix the date of the hearing to the notice and order that a copy be served upon the lien claimant within 5 calendar days after the date of the order.

The Justice of the Peace shall:

- Dismiss the objections to the lien claim;
- Declare the lien invalid and issue a writ of possession; or
- Declare the amount of the lien if the amount of the lien is different from that described by the lien claimant.

After receipt of a notice of opposition to a lien or other notice pursuant to any proceeding to contest the validity of a lien on a vehicle, the Department of Motor Vehicles shall not transfer the title to the vehicle that is subject to the lien until the matter has been adjudicated.

If a licensed Nevada Automobile Wrecker tows the vehicle: the tow bill must be completed in full and must contain the following information:

- Business name, address, telephone number and certificate number or DMV business license number.
- Address of the facility where the vehicle is stored.
- Date and time of the request for towing including designations to “am” or “pm.”
- Name and address of the registered owner of the towed vehicle, if available.
- The year, make, model, vehicle identification number, license plate number, and state of issuance.
- Exact location from where vehicle was towed.
- Address of the location to which the vehicle was towed, if different from the where the vehicle is being stored.
• The time the wrecker was dispatched to tow the vehicle and the reading of the odometer of the tow vehicle at the beginning of the trip.
• The time of the arrival of the tow car at the site of the car to be towed and the reading on the odometer upon its arrival.
• The time of the departure of the tow car from the site of the vehicle to be towed.
• The time of the arrival of the tow car at the location to where the vehicle was towed and the reading of the odometer upon its arrival.
• The total time, this passes while at the site of the towing in hours and minutes.
• The exact mileage and hourly charges.
• If an extra person was required, the time he was sent to the site and the time he returned.
• A detailed listing of all charges and, if charges are based on time, the starting and ending times. If more space is needed for the listing, a separate sheet of paper must be attached to the bill and a notation made on the bill that an additional sheet is attached. If the tow was requested by a constable, include the $100.00 fee.
• The date and the time the storage of the vehicle started and ended and a notation of whether the vehicle was stored inside a locked building or in a secured, fenced area.
• Statement of total charges for towing.
• Of the action the registered and legal owner of the vehicle may take to recover his vehicle while incurring the lowest possible liability in accrued assessments, fees, penalties, or other charges, and
• Of the opportunity to rebut the presumptions set forth in NRS 487.220 and 706.4477.

Insurance Company Affidavit Without Endorsed Title

(Form VP236)

NRS 487.800

An Insurance Company Affidavit without Endorsed Title (Form VP236) must be submitted to obtain a salvage title or non-repairable vehicle certificate when the legal owner does not forward a properly endorsed certificate of title, including an odometer disclosure within thirty (30) calendar days after the completion of an insurance claim.

Thirty (30) calendar days after the completion of an insurance claim, if the properly endorsed certificate of title has not been received, an attempt to contact the registered owner and lienholder, if lienholder exists, must be made. There must be at least two (2) written attempts to each by certified mail, return receipt requested, or by use of a delivery service with a tracking system, to obtain the endorsed certificate of title.

- Send the letter by “Certified Mail – Return Receipt Requested.” Keep the payment receipt issued to you by the Post Office with your records. Retain copies of everything you mail.
- If the letter is returned with a forwarding address filed with the U.S. Postal Service, resend the letter to the forwarding address by “Certified Mail – Return Receipt Requested."
- If the letter is returned to you as “Undeliverable,” do not open it.
- If you receive a signed Post Office Receipt showing the letter was received, keep the receipt. The receipts must be submitted to the Department of Motor Vehicles.

If the former owner(s) provide the properly endorsed ownership document, complete the Application for Salvage Title or Non-Repairable Vehicle Certificate (VP213).

Prior to submitting the documents to the Department of Motor Vehicles, you must have a Certificate of Inspection (VP15) completed on the vehicle.

After the two attempts to contact the owner(s), submit to the Department:

- An Application for Salvage Title or Non-Repairable Vehicle Certificate (VP213),
- An Insurance Company Affidavit without Endorsed Title (VP236),
- A Certificate of Inspection (VP15),
- Proof of the written attempts to obtain the endorsed certificate of title, and
- Appropriate fees.
Letter of Transmittal for Abandoned Junk Vehicles
(VP-162)

Transmittal forms must be submitted to the nearest full-service branch of the Department of Motor Vehicles, Field Services Division. Appraisals will be completed within ten (10) business days of receipt of transmittal. Only vehicles qualified as “abandoned” (NRS 487.210) will be appraised. Automobile wreckers or tow companies must provide proof of abandonment and have possession of the vehicle. Only those vehicles that a vehicle identification number has been ascribed and qualify as an abandoned vehicle will be inspected. Form VP-162 can be downloaded from the DMV website at https://dmv.nv.gov/pdfforms/vp162.pdf. To avoid misinterpretation of numbers and characters it is preferred that the form is completed on your PC or printed in legible format. If there is any correction or illegibility in the VIN, the form will be returned to company to be resubmitted. Private Property Abandoned Releases or Law Enforcement Impound Report copies should be included and sent with your transmittal. If not practicable, a set of legible copies must be made available to the DMV appraiser who inspects the vehicles.

Valuation will be noted as:

- Does not exceed $200.00 – eligible for Junk Certificate if requested under NRS 487.260(8).

If the registered and legal owners have waived interest in the vehicle either by failure to respond to the notice or by written disclaimer, upon receipt of proper documentation the Department will issue a salvage title (value over $201.00 but less than $1,500.00) or junk certificate (value under $200.00) to the automobile wrecker or tow car operator who towed the vehicle.

Lien Sales

Any person who is legally entitled to impose a lien on a motor vehicle as provided for in NRS 487, 706, or 108 may, without process of law, detain the vehicle in their possession until the sum due to them is paid. If the sum due is not paid the lien may be satisfied by a sale pursuant to NRS 108.310 (auction).

If a motor vehicle that is placed in storage was towed at the request of a law enforcement officer following an accident involving the motor vehicle, the operator shall not:

1. Satisfy any lien or impose any administrative fee or processing fee with respect to the motor vehicle for the period ending four (4) business days after the date on which the motor vehicle was placed in storage; or

2. Impose any fee relating to the auction of the motor vehicle until after the operator complies with the notice requirements set forth in NRS 108.265 to 108.367, inclusive.

Prior to the sale, Nevada law requires the lien claimant to meet certain requirements.

The following information is intended to help you process a lien sale in a minimum amount of time, while meeting all statutory requirements. Samples of letters and forms are provided for your convenience.

Sale by Auction

NRS 108.310

After all statutory requirements have been met, a Public Auction sale must take place. The sale must be held at the time and date that all notices have indicated. The lien claimant may cause a motor vehicle, aircraft, motorcycle, motor or aircraft equipment, aircraft parts, trailer, recreational vehicle, mobile home or manufactured home to be sold by private sale directly to a third-party purchaser in an arm’s length transaction (a transaction in which the buyer is not affiliated with the seller) if the lien claimant is unable to sell the motor vehicle, aircraft, motorcycle, motor or aircraft equipment, aircraft parts, trailer, recreational vehicle, mobile home or manufactured home at a public auction for the fair market value of the motor vehicle, aircraft, motorcycle, motor or aircraft equipment, aircraft parts, trailer, recreational vehicle, mobile home or manufactured home at a public auction after a reasonable effort.

Every aspect of a sale made, including without limitation, the method of advertising, time, date, place, terms and price, must be commercially reasonable.

The lien claimant may satisfy their lien from the proceeds of the sale, including reasonable charges of notice, advertisement, and sale. The balance, if any of the proceeds must be delivered on demand to the person to whom the lien claimant would have been bound to deliver, or justified in delivering, the motor vehicle, aircraft, motorcycle, motor or aircraft equipment, aircraft parts, trailer, recreational vehicle, mobile home or manufactured home.

Requests for Extension of Time for Submitting Lien Sale Documents

If a lien claimant is unable to submit the Lien Sale Affidavit and title documents to the Department within the statutory time frame, the lien claimant may request an extension of time.

Extension requests must be submitted within the statutory time frame required for submission of the Lien Sale Affidavit:

- Thirty (30) days from the date of sale.

A request for an extension must be submitted to an Occupational and Business Licensing office on a Lien Sale Extension Request (Form OBL-316). The request must explain why the lien claimant is unable to submit the required documents within the regulatory time frame. The lien claimant must sign the form. A photocopy of the Lien Sale Affidavit must accompany the request. Refer to NAC 108.120.

An extension should be requested only when necessary and will be granted on an exception-only basis. Lien claimants are required, by regulation, to send title documentation to the Department within the required time frame and may be subject to an audit, administrative fine, or administrative action against their business for failure to comply.

The Lien Sale Extension Request (Form OBL-316) indicating approval or denial will be mailed to the lien claimant. If the request is denied, the reason will be marked on the extension form.

Authority to Recover Claim Not Paid by Sale

The remedy for enforcing the lien provided in NRS Chapter 108 does not preclude any other remedies allowed by law for the enforcement of a lien against personal property nor bar the right to recover so much of the lienholder’s claim as is not paid by the proceeds of the sale of the property. NRS 108.2403; NRS 108.300; NRS 108.330.

Validity May Be Contested

NRS 108.350

Nothing contained in NRS 108.270 to 108.360 precludes the owner or any other person having an interest or equity in the property, from contesting the validity of the lien. Upon receipt of the filing of a court document showing an interested party has contested a lien the Department will place a “hold” on the vehicle record to prevent transfer until the court determines the legal owner.
